PRIVACY'S ROLE IN IT MODERNIZATION: THE DISCUSSION CONTINUES

A VA Privacy Service Virtual Panel

Join VA Privacy Service and leading privacy experts on August 14 for an interactive virtual panel discussion on prioritizing privacy during IT modernization efforts.

Experts will continue the conversation around the progressive transition of privacy protections from 'traditional' to 'modern' within the VA healthcare and benefits environment. Panelists will discuss how innovative IT solutions are assisting Privacy Officers and refining how Veterans experience VA.

Attendees are eligible to receive Continuing Privacy Education credits from the International Association of Privacy Professionals (IAPP), Information Systems Audit and Control (ISACA), and International Information System Security Certification Consortium (ISC)2. VA employees are also eligible to receive Talent Management System credits for attending.

WEDNESDAY, AUGUST 14, 2019

1:00 P.M. – 2:00 P.M. ET

Register: https://tinyurl.com/VA-Modern-Part2

The mission of VA Privacy Service is to preserve and protect the personally identifiable information of Veterans and their beneficiaries and VA employees by promoting a culture of privacy awareness and maintaining the trust of those we serve.
