VACO OAL - Office of Acquisition and Logistics (001AL)	<u>13-00975-F</u>	Washington Times	This is a request under the Freedom of Information Act. I seek a copy of a study on factors to help severely injured veterans and members of the military become employed, completed by ICF Inc, of Fairfax., Va., for the VA, pursuant to contract by the VA's Acquisition Service on or about Sept. 22, 2010 with ICF for \$343,860. I am a newspaper reporter and this request is made for news gathering purposes. I agree to pay up to \$25 for duplication fees, but ask that you notify me if fees exceed that amount. I prefer records in a CD-ROM or electronic format, but if paper copies are easier to process that is fine, too. I appreciate your attention to this matter and look forward to a response.	11/20/2012

A database of all agency employees who have used official time under any category in 5 USC 7131 or related statutes since January 1, 2009. This database should cover all subagencies, offices, regions, bureaus and divisions within your agency, including offices of general counsel and inspector general. It should also include the name, title, grade, location, annual or hourly pay, agency, work or bargaining unit, dates, hours used and category under the statute for of each individual who used official time. It should also include any information as to what union, labor group and/or bargaining unit the employee was representing when the official time was used. It is my understanding that official time has unique payroll codes, and that this information is readily available and easily extractable through the Enterprise Human Resources Integration System or other payroll databases available to your agency. 2. Copies of any current master labor agreements between your agency or office and a labor organization/union which allow for official time under the previously referenced statute. I realize that individual offices or facilities may have separate sub agreements with local unions. What I am seeking is the master agreements governing the use of official time by top union officials.	12/6/2012

VA Compensation & Service Bulletin dated May 2010 (attachment 2) Page 3 states: Along with air bases, there were some small Army installations established in Thailand during this period, which may also have used herbicides in the same manor as the air bases. There are other C&P Bulletins that list (by number) all US Navy ships that were exposed to herbicides in Viet Nam waterways, as well as all Air Force bases (by name) where tactical herbicides were used in Thailand.
