Also an expected number of TBI and Backlog? Possibly in the CNY area? - This is not for research just an inquiry. Latest numbers would be great. 2) looking for a general number of veterans in New York that have received mental health-substance abuse services from the VA. It would be great to have the current but also am looking for historical data - from 1995-2012 if that is even possible to get. - The is for a research and development group at OASAS working on a study to characterize the patients/clients who have used community-based substance abuse treatment services. VHA 553 - John D. Dingell VA Medical Cen	<u>13-13029-FP</u>	Assistant U.S. Attorney Karin Wherry	Assistant U.S. Attorney (AUSA) Karin Wherry of the Miami U.S. Attorneys Office provided the attached proposed subpoena to me late yesterday, and asked that I go ahead and gather a copy of any and all responsive documents for her review. This involves a personal injury action filed by student nurse anesthetist who was allegedly injured by a falling OR light fixture during a surgical procedure being performed in leased mobile surgical units in place at the Miami VAMC. The student filed suit against the USA, the owner of the mobile surgical units (MMIC), and the OR light manufacturer (Berchtold Corp.). The AUSA, of course, is representing the USA/VA in this matter, and her contact information may be found on the first page of the attached document. Apparently, the student plaintiff is a former employee of the Detroit VAMC from approximately the 2004-2008 timeframe (specific dates not know). It appears they are basically wanting HR and medical records of the former employee (see Exhibit A in attachment).	7/16/2013
