D. Background

This computer matching program will identify individuals who are receiving VA disability compensation or pension based upon his or her previous military service and DoD or Coast Guard active service pay.

II. PURPOSE AND LEGAL AUTHORITY

A. Purpose of the Matching Program

1. The purpose of this agreement is to verify eligibility for DoD/USCG members of the Reserve forces who receive VA disability compensation or pension to receive, in lieu and upon election, military pay and allowances when performing reserve duty.

For the FYI 7 match, VA will provide to DMDC identifying information on all VA recipients receiving a VA disability compensation or pension. DMDC will match the information with its Reserve military pay data and provide for each

match (hit) the number of training days and the number of active duty days for which the veteran was paid in FY17. The VA will use this information to make, where appropriate, necessary VA payment adjustments. For subsequent matches, VA will use the Reserve military pay data in the VA-DoD Identity Repository (VADIR to match against VA recipients of VA disability compensation or pension. DMDC sends Reserve military pay data to VADIR monthly; the data provided by DMDC include all data elements required for the match.

B. Legal Authority

38 U.S.C. § 5304(c), Prohibition Against Duplication of Benefits, provides that VA disability compensation or pension based upon his or her previous military service shall not be paid to a person for any period for which such person receives active service pay. IO U.S.C. § 12316, Payment of Certain Reserves While on Duty, further provides that a Reservist who is entitled to disability payments due to his or her earlier military service and who performs duty for which he or she is entitled to DoD/USCG compensation may elect to receive for that duty either the disability payments, or if he or she waives such payments, the DoD/USCG compensation for the duty performed.

III. JUSTIFICATION AND ANTICIPATED RESULTS

A. Justification

The parties to this agreement have determined that a computer matching program is the most efficient, expeditious, and effective means of obtaining and processing the information needed by the VA to identify those individuals who are receiving both VA compensation, or pension and DoD/USCG payments for those periods when they are performing Reserve duty. By law, the individual must waive his or her entitlement to VA disability compensation or pension if he or she desires to receive DoD/USCG pay and allowances for the period of duty performed. This matching agreement will result in an accurate reconciliation of such payments by permitting the VA to determine which individuals are being paid by DoD/USCG for duty performed and are being paid VA disability compensation or pension benefit for the same period of time without a waiver on file with the VA. If this reconciliation is not done by computer matching, but is done manually, the cost would be prohibitive and most dual payments would not be detected.

B. Anticipated Results

As a result of an internal cost/benefit analysis (Attachment 1), VA expects net savings of approximately \$62,205,000 per year from running this match. The cost and savings impact of this match on DoD operations is also provided in Attachment I.

IV. DESCRIPTION OF THE MATCH AND RECORDS INVOLVED

A. Description of the Match

FY17 Match: VA will submit to DMDC an electronic file of all VA pension and disability compensation

beneficiaries as of the end of September 2017. Upon receipt of the data, DMDC will perform a one-time match by SSN with Reserve pay data as submitted to DMDC by the military services and the USCG. For each SSN match, or "hit," of both data sets, DMDC will provide VA the individual's name and other identifying data, to include the number of training days and paid active duty days, by Fiscal Year, for each matched record. Training days and paid active duty days will be reported as separate totals. The hits will be furnished to VA, which will be responsible for verifying and determining that the data in the DMDC electronic files is consistent with the VA files.

Subsequent Matches: DMDC updates VADIR monthly. VA will use the Reserve military pay data in VADIR to match against VA recipients of VA disability compensation or pension and to resolve any discrepancies or inconsistencies on an individual basis. VA will initiate actions to obtain an election by the individual of which pay he or she wishes to receive and will be responsible for making final determinations as to positive identification, eligibility for, or amounts of pension or disability compensation benefits, adjustments thereto, or any recovery of overpayments, or such other action as authorized by law.

B. Number of Records and Data Elements Involved

1. The electronic data provided by the VA will contain information on approximately 4.2 million pension and disability compensation recipients.
2. The DMDC reserve pay data contains information on approximately 800,000 DoD and 6,000 USCG Reservists who received pay and allowances for performing authorized duty in FYI 7.
3. FY17 Match: VA will furnish DMDC the name and SSN of all VA pension and disability compensation recipients. DMDC will supply VA with the name, SSN, date of birth, and the number of training days and paid active duty days for each Reservist who is identified as a result of the match. Subsequent Matches: DoD will provide to VADIR the name, SSN, date of birth, training days and paid active duty days. VA will use data from VADIR provided by DoD to match against VA recipients of VA disability compensation or pension.

C. Privacy Act Systems of Records

1. The DMDC will use the system of records identified as DMDC 01, entitled "Defense Manpower Data Center Data Base," last published in the Federal Register at November 23, 2011, 76 FR 72391. A copy of the published system notice is at Attachment 2 with the appropriate routine use, i.e., e.(2).
2. VA will use the system of records identified as "Compensation, Pension, Education and Vocational Rehabilitation and Employment Records-VA" (58 VA 21/22/28), republished in its entirety at 77 FR 42593, July 19, 2012. Attachment 3 is a copy of the system notice with the appropriate routine use, i.e., RU 3

Both record systems contain an appropriate routine use provision permitting the disclosure and exchange of information pursuant to subsection (b)(3) of the Privacy Act. The routine use provisions are compatible with the purpose for which the information was collected and also reflect that the disclosures are made for computer matching purposes.

V. RECORDS ACCURACY ASSESSMENT

A. Department of Defense/DMDC

As described above in Section LC., for the initial match, DoD serves as the recipient agency; for all subsequent matches, it is the source agency. DMDC records are from the reserve pay data provided by the Defense Finance and Accounting Service and the Coast Guard Human Resources Service and Information Center. Experience with matching programs and analyses by DMDC show these records to be at least 99% accurate.

B. Department of Veterans Affairs

As described above in Section LC., for the initial match, VA serves as the source agency; for all subsequent matches, it is the recipient agency. VA records are from information provided for VA pension and disability compensation recipients. Previous matches with the same data indicate that these records are 99% accurate.

VI. STARTING AND COMPLETION DATES

A. Transmittal Letter Begins Review Time

When this agreement is approved and signed by the Chairpersons of the respective Data Integrity Boards, DoD, as the recipient agency for the FY 2017 match data, will submit this agreement and the proposed public notice of the match as attachments in duplicate via a transmittal letter to OMB and Congress for review.

B. Matching Notice Publication

DoD will submit to OMB and Congress at least 30 days before publication of the notice in the Federal Register in accordance to OMB Circular A-108. The matching notice will clearly identify the record systems and categories of records being used and state that the program is subject to review by OMB and Congress. A copy of the published notice shall be provided to the VA.

C. Effective Date of Agreement

DoD will forward the public notice of the proposed matching program for publication in the **Federal Register**, as required by subsection (e)(12) of the Privacy Act. The effective date of the matching agreement and date when matching may actually begin shall be at the expiration of the 30-day review period after publication of the matching notice in the *Federal Register*; or the end of a subsequent 30-day review period should significant changes in response to public comments and republication of the matching notice in the *Federal Register* be necessary. The mandatory 30-day public comment period for the *Federal Register* publication will be after the 30-day OMB and Congressional review period.

D. Duration of the Agreement

This agreement shall be valid for 18 months after the effective date and may be renewed by the parties for a period of time not to exceed one additional year, if each agency's program manager certifies to its respective Data Integrity Board that:

1. The matching program will be conducted without change; and
2. The matching program has been conducted in compliance with the original agreement.

It shall be the responsibility of the recipient agency to draft the extension. If either party wishes not to renew this agreement, it should notify the other of its intentions not to renew at least 90 days before the expiration of the agreement. This agreement may be modified at any time with the consent of both parties. The modification must be in writing, satisfy the requirements of the Privacy Act, and be approved by the Data Integrity Board of each agency.

E. Frequency of Matching

DMDC will perform a single match for FY2017 data. Going forward, VA will have the capability to perform more frequent matching because Reserve Drill Pay data are updated monthly in VADIR. The goal of both agencies is to increase the frequency of matching so that members who are receiving dual compensation are notified promptly and provided an opportunity to elect military pay and allowances in lieu of VA disability compensation.

F. Termination

This agreement may be terminated at any time with the consent of both parties. Either party may unilaterally terminate this agreement upon written notice to the other party, in which case the termination shall be effective 90 days after the date of the notice, or at a later date specified in the notice so long as either date does not exceed either the original or the extended completion date of the match.

VII. NOTICE PROCEDURES

A. Individual Notice

Subsection (o)(1)(D) of the Privacy Act requires an agency to implement procedures for providing individualized notice at the time of application, and notice periodically thereafter, to applicants for and recipients of payments under Federal benefits program. VA provides individualized (direct) notice to all individuals who apply for disability compensation or pension benefits that the information provided on the application (VA Form 21-526 at Attachment 4) is subject to computer matching with other agencies. VA will provide beneficiaries subsequent notice on an annual basis. VA also furnishes such notice on separate handouts. The application or handout informs all applicants that information obtained through computer matching may be used to determine eligibility for benefits and may be used by VA to verify any information provided.

B. Constructive Notice

Any deficiencies as to direct, and periodic, notice procedures to the individual for the matching program in paragraph A., above are cured by the indirect or constructive notice that will be accorded record subjects by DoD's publication in the **Federal Register** of the public notice of the proposed match as required by(e)(12) of the Privacy Act.

Constructive notice also has been furnished to DoD/USCG Reservists and VA beneficiaries by publication in the **Federal Register** of the DMDC and VA system notices (Attachments 2 and 3) that information may be disclosed for computer matching for purposes of reconciling what payments are due the individual.

VIII. VERIFICATION PROCEDURES AND OPPORTUNITY TO CONTEST

A. Verification Procedures

1. VA is responsible for verifying and determining if the data on the DMDC electronic data match are consistent with the data in the VA pension and disability compensation data and for resolving any discrepancies or inconsistencies as to positive identification on an individual basis.
2. VA will screen the initial data to verify that the matched individual is in fact a recipient of VA pension or disability compensation. VA will do this by manually comparing the "hit" data with VA's case files to verify the identity of the individual and will conduct independent inquiries when necessary to resolve questionable identities.
3. Any discrepancies or inconsistencies furnished by DoD, or developed as a result of the match, will be independently investigated and verified by VA prior to any adverse action being taken against the individual.

B. Initial Actions by VA

1. After verification, the VA Benefits Delivery Center at Hines, Illinois, will mail the veteran VA Form 21-8951-2 (Notice of Waiver of VA Compensation or Pension to Receive Military Pay and Allowances) (Attachment 5). The form advises the veteran that active or inactive duty training pay cannot legally be paid concurrently with VA disability compensation or pension benefits. The form mailed to the veteran will give the individual the following options: 1) "I elect to waive VA benefits for the days indicated in order to retain my training pay." 2) "I elect to waive military pay and allowances for the days indicated in order to retain my VA compensation or pension. NOTE: Checking this option will give most veterans LESS money." Or 3) "I received no military pay and allowances during the fiscal year(s) indicated on the front of this form."

2. If the veteran indicates he or she wishes to waive training days pay in order to receive VA compensation or pension benefits, VA will retain a copy of the waiver form and send the original to the appropriate DoD or United States Coast Guard office, at the following address, for appropriate action.

VA will not adjust the veteran's award. If the veteran indicates he or she wishes to waive VA disability compensation or pension benefits in order to receive training days pay, VA will take action to withhold the number of days of compensation or pension printed on the form. The withholding will be at the appropriate rate for the fiscal year in question but all withholdings will be made from future benefits. For example, an adjustment in FY 2018 to withhold for FY 2017 training days pay would withhold at the compensation or pension rate in effect at the end of FY 2017. The veteran would be paid the difference between the 2017 compensation or pension rate and the current compensation or pension rate.

3. If the veteran waives VA disability compensation or pension benefits payments but indicates that the number of days printed on the form is incorrect, VA will adjust the withholding based on the number of days provided by the veteran and certified by

the unit commander or designee. When the veteran returns the VA Form 21-8951-2, the receiving VA regional office will code the master record to show that the form was received.

4. The veteran will be asked to complete and return the form to the VA within 60 days. If the form is not returned, no adjustment will be made until the actions, as set forth in VIII.C. below, have been accomplished.

C. Subsequent Actions by VA

I. When 90 days have elapsed from the date of the original VA Form 21-8951-2, the VA Benefits Delivery Center will generate a duplicate VA 21-8951 for those records where an initial VA Form 21-8951 was generated but where the master record has not been coded to show that the veteran returned the original form to a VA regional office. The duplicate forms will be shipped to the VA regional office of record. After comparing the identifying data printed on the form, which was furnished by DMDC, with information in VA records, and confirming that the correct individual has been identified, regional offices will give the individual predetermination notice of an adjustment to withhold future compensation benefits for the number of training days pay reported by DMDC.

2. If the veteran responds within 60 days, VA will either adjust the disability compensation or pension award or forward the veteran's waiver of training days pay as indicated in Section VIII.8.2. above, depending on which block the veteran checked on VA Form 21-8951-2. If the veteran does not respond within 60 days, VA will adjust the veteran's award prospectively to withhold the number of training days pay reported by DMDC.

D. Opportunity to Contest Findings

Before taking any adverse action based solely on the information received from the match and where the veteran has failed to return the VA Form 21-8951-2, VA agrees to provide written notice, as part of the predetermination notice, which will inform the individual:

1. That the VA has received information from DMDC which indicates the number of training days when the veteran was paid for military service, indicating that the individual received DoD/USCG pay and allowances for such service, that he or she also received VA disability compensation or pension benefits payments based on his or her previous military service as well for the same period of time, that receipt of both payments is not authorized by law, that the individual must make an election as to which payment he or she wishes to receive, and that failure to make an election or to respond will result in a withholding from future VA benefits. VA also will advise the individual that he or she has the right to present new evidence and the right to a hearing.

2. That the individual has 60 days in which to contest and respond to the information provided by the VA.

3. That, unless the individual notifies the VA that the information is not accurate within 60 days from the date of the notice, VA will conclude that the data provided by DMDC is correct and will take appropriate action to prospectively withhold the individual's benefits for the same number of days for which he or she received DoD pay.

E. Final Authority

After verification and notice under subsection (p) of the Privacy Act, VA will make all determinations regarding whether an individual's benefits are to be withheld. The veteran will be provided notice of his or her appellate rights whenever an adjustment is made.

IX. SECURITY PROCEDURES

A. DoD and VA will comply with all Federal requirements relating to information security, information systems security, and privacy, including the Federal Information Security Modernization Act of 2014 (FISMA), the E-Government Act of 2002, OMB memoranda related to privacy, the National Institute of Standards and Technology (NIST) directives in the special publications (SP) 800 series (e.g., NIST SP 800-53, Rev 4, and NIST SP 800-37, Rev I). Specific security requirements include, but are not limited to, the following:

B.

- I. Each party shall establish appropriate administrative, technical, and physical safeguards to assure the security and confidentiality of records and to protect against any anticipated threats or hazards to their security or integrity which could result in substantial harm, embarrassment, inconvenience, or unfairness to any individual on whom information is maintained.
2. The data will be transmitted through secure means, e.g., secure file transfer protocols, virtual private networks, secure socket layers, symmetric key encryption or other generally recognized means of securing data transmissions.
3. Access to the records matched and to any records created by the match will be restricted only to those authorized employees and officials who need it to perform their official duties in connection with the uses of the information authorized in this agreement.
4. The records matched and any records created by the match will be stored in an area that is physically safe from access by unauthorized persons during duty hours as well as non-duty hours or when not in use, to include ensuring that the removal of any data from the work site for official purposes (e.g., telework, working from a residence, etc.) is only accomplished in accordance with agency procedures that shall

protect the data (e.g., password protocols , encryption, etc.) if the portable devices on which the data is stored (e.g., laptop hard drives, CDs, disks, etc.) are lost, stolen, or otherwise compromised.

5. The records matched and any records created by the match will be processed under the immediate supervision and control of authorized personnel in a manner that will protect the confidentiality of the records, and in such a manner that unauthorized persons cannot retrieve any such records by means of computer, remote terminal, or other means.
6. All personnel who will have access to the records matched and to any records created by this exchange will be advised of the confidential nature of the information and the civil and criminal sanctions for noncompliance contained in applicable Federal Laws.
7. DoD and VA will also comply with the personally identifiable information breach reporting and security requirements as required by M-I 7-I 2, "Preparing for and Responding to a Breach of Personally Identifiable Information (PII)." DoD and VA also agree to report information security incidents, where the confidentiality, integrity or availability of a federal information system of the Executive Branch is potentially compromised, to the NCCIC/UC-CERT with the required data elements, as well as any other available information, within one hour of being identified by the agency' top-level Computer Security Incident Response Team (CSIRT), Security Operations Center (SOC), or information technology department.

The agency experiencing the loss of PII will notify the other agency's Systems Security Contact named in Section XIII of this CMA. If DoD is unable to speak with the VA Systems Security Contact within one hour, or if for some other reason notifying the VA Systems Security Contact is not practicable (e.g., it is outside of the normal business hours), DoD will contact VA at: National Data Center ISO at VAVBAH IN/ISO@va.gov. If VA is unable to speak with DoD System Security Operations System within one hour, VA will contact DMDC at: [dodhra.dodc•mb.dmd c.iist.ir-team@mail.mil](mailto:dodhra.dodc.mb.dmd c.iist.ir-team@mail.mil).

8. If the agency that experienced the breach of PII determines that the risk of harm to affected individuals or to the agency requires notification to affected individuals and/or other remedies, that agency will carry out the remedies and assume all costs of the remediation.

C. DoD and VA may make onsite inspections or make other provisions to ensure that adequate safeguards are being maintained under this agreement by both agencies.

D. DoD and VA also will adopt policies and procedures to ensure that information contained in their respective records and obtained from each other shall be used solely as provided under this agreement and any applicable laws.

X. RECORDS USAGE, DUPLICATION AND REDISCLOSURE RESTRICTION

A. Each party agrees to the following limitations on the access to, and disclosure and use of, the data and information provided by the other agency:

1. That the data provided as part of the matching program will remain the property of the providing agency and will be returned or destroyed as soon as action on the data is completed.

2. That the data supplied by each agency and the records created by the match will be used only for the purposes of, and to the extent necessary in, the administration of the matching program covered by this agreement.

3. That the data provided by each agency will not be used to extract information concerning individuals therein for any purpose not specified in this agreement, unless required by law.

4. That the data provided by each agency will not be duplicated or disseminated within or outside the recipient agency without the written authority of the source agency. No agency shall give such permission unless the redisclosure is required by law or essential to the conduct of the matching program.

5. That information resulting from the matching program may be disclosed for follow-up and verification or for civil or criminal law enforcement or prosecution if the match uncovers activity that warrants such action.

B. Both agencies will keep an accurate accounting of disclosures from an individual's record as required by subsection (c) of the Privacy Act so as to permit record subjects to know how their personal information is being used; to enable the agency to inform past recipients of disputed or corrected information; and to provide an audit trail for any subsequent reviews of agency compliance with subsection (b) of the Privacy Act pertaining to conditions of disclosure.

C. DMDC will not create a separate permanent data set consisting of information regarding those individuals involved in the matching program covered by this agreement except as necessary to monitor the results of the matching program. The VA will retain the identifiable data received from DMDC for the period of time required for any processing related to the matching program and then will destroy the data unless the information has to be retained in individual file folders in order to meet evidentiary requirements. In the latter instance, identifiable records will be retired in accordance with Federal Records retention schedules (44 U.S.C. 3303A).

XI. COMPTROLLER GENERAL ACCESS

The Comptroller General of the United States may have access to all DoD and VA records as necessary in order to monitor and verify compliance with this agreement.

XII. REIMBURSEMENT

Expenses incurred by this data exchange will not involve any payments or reimbursements between DoD and VA. Cost adjustments, however, may be made in the future between the agencies. DoD and VA may make such adjustments by means of a reimbursable agreement between the two Departments.

The benefit realized by the match, \$57,129,816 exceeds the costs by a ratio of 11 to 1, demonstrating that this match is worthwhile.

1. DoD COST BENEFIT ANALYSIS

- DoD currently provides Reserve Drill Pay data to VA monthly as part of the DoD-VA Data Share. Data were put into replication several years ago for use by VA Compensation and Pension to identify Reservists who are drilling or in an active duty pay status and could also be receiving a VA disability benefit without being offset correctly. The data are provided so that VA can assume responsibility for conducting the match that is required for administration of VA benefits. VA has not previously had a process in place to use the Reserve Drill Pay data in the Data Share and conduct matching; therefore, DoD has continued to conduct the match and provide an annual match file to VA. This is redundant provision of data. DoD will save the labor costs involved in creating the annual match file for VA.
- DMDC presently provides the match file to VA annually. Therefore, a Reserve member can be in receipt of both Reserve drill pay and VA disability compensation for up to 12 months before being notified by VA of his/her responsibility to return the compensation payment amount. By that time, the member's repayment obligation could total several thousands of dollars. This presents a serious

hardship for Reserve members, and can be damaging to their credit rating, since VA disability pay is recouped from future drill pay. By using the monthly data provided in the DoD-VA Data Share, VA will have the capability to run monthly matches and inform members immediately if they are in dual compensation status. This is a real and important benefit to Service members to ensure that processes do not undermine their economic stability or impact their financial and emotional well-being by creating an untenable debt situation.

A. Estimated cost for the FY2017 match:

- (1) Creation of annual Reserve Drill Pay match file GS 13-3 for 16 hrs @ \$47.36/hr = \$758
- (2) Program maintenance GS 13-3 for 40 hrs @ \$47.36/hr = \$1,894
- (3) DMDC Coordination GS 13-3 for 4 hrs @ 47.36/hr = \$189
- (4) DMDC Coordination GS 12-4 for 4 hrs @ \$45.68/hr = \$183

Total DMDC FY2017 Cost: \$3,024

B. FY2018 and beyond matches: VA will take over the match beginning with FY18, therefore DoD will not incur any costs for the FY2018 and future matches.

SUMMARY

The benefit realized by having VA perform the match using data in the Data Share is primarily realized in increased efficiency and vastly improved service to Reserve members.

2. DoD ADMINISTRATIVE COSTS

- (1) Action Officer GS-14-5 @\$48.53 for 48 hrs= \$2,329.44
- (2) Office of General Counsel/Legal Counsel GS-15-5 @\$57.09 for 5 hrs = \$285.4
- (3) Data Integrity Board Executive Secretary GS-15-5@ 57.09 for 5 hrs = \$285.45
- (4) Data Integrity Board Members (9) GS-15-5 @57.09 for 0.5 hrs = \$256.90

Total for DoD Administrative Cost 157.25

I. To the Department of Veteran Affairs (OVA):

a. To provide Uniformed Service personnel and pay data for present and former Uniformed Service personnel for the purpose of evaluating use of veterans' benefits, validating benefit eligibility and maintaining the health and well being of veterans and their family members.

b. To provide identifying Armed Service personnel data to the DVA and its insurance program contractor for the purpose of notifying separating eligible Reservists of their right to apply for Veteran's Group Life Insurance coverage under the Veterans Benefits Improvement Act of 1996 (38 U.S.C. 1968).

The information is to be used to process all OVA award actions more efficiently, reduce subsequent overpayment collection actions, and minimize erroneous payments.

e. To conduct computer matching programs regulated by the Privacy Act of 1974, as amended (5 U.S.C. 552a), for the purpose of:

(1) Providing full identification of active duty Uniformed Service personnel, including full time National Guard /Reserve support personnel, for use in the administration of DVA's Compensation and Pension benefit program. (2) Providing identification of reserve duty, including full time support National Guard /Reserve Armed Forces personnel, to the OVA, for the purpose of deducting reserve time served from any OVA disability compensation paid or waiver of VA benefit. The law (IO U.S.C. 12316) prohibits receipt of reserve pay and DVA compensation for the same time period, however, it does permit waiver of DVA compensation to draw reserve pay

The purpose of the match is to identify those particular individuals occupying critical positions as civilians and cannot be released for extended active duty in the event of mobilization. Employing Federal agencies are informed of the reserve status of those affected personnel so that a choice of terminating the position or the reserve assignment can be made by the individual concerned. The authority for conducting the computer match is contained in E.O. 11190, Providing for the Screening of the Ready Reserve of the Armed Forces.

NOTE 2: Quarterly wage information is not disclosed for those individuals performing intelligence or counter intelligence functions and a determination is made that disclosure could endanger the safety of the individual or compromise an ongoing investigation or intelligence mission (42 U.S.C. 653(n)).

members of the Uniformed Services or their survivors, for Supplemental Security Income (SSI) or Special Veterans' Benefits (SVB). By law (42 U.S.C. 1006 and 1383), the SSA is required to verify eligibility factors and other relevant information provided by the SSI or SVB applicant from independent or collateral sources and obtain additional information as necessary before making SSI or SVB determinations of eligibility, payment amounts, or adjustments thereto.

- c. To the Client Identification Branch for the purpose of validating the assigned Social Security Number for individuals in DoD personnel and pay files, using the SSA Enumeration Verification System (EVS).

These records may also be disclosed as part of an ongoing computer-matching program to accomplish this purpose.

62. VA may on its own initiative, disclose any information or records to appropriate agencies, entities, and persons when (1) VA suspects or has confirmed that the integrity or confidentiality of information in the system of records has been compromised; (2) VA has determined that as a result of the suspected or confirmed compromise, there is a risk of embarrassment or harm to the reputations of the record subjects, harm to the economic or property interests, identity theft or fraud, or harm to the programs (whether maintained by VA or another agency or entity) that rely upon the potentially compromised information; and (3) the disclosure is to agencies, entities, or persons whom VA determines are reasonably necessary to assist or carry out the VA's efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm. This routine use permits disclosures by VA to respond to a suspected or confirmed data breach, including the conduct of any risk analysis or provision of credit protection services as provided in 38 U.S.C. 5724, as the terms are defined in 38 U.S.C. 5727.

Policies and Practices for Storing, Retrieving, Accessing, Retaining, and Disposing of Records in the System:

Storage:

The BON, Virtual VA, Corporate WINRS, VETSNET, and the VBMS are data telecommunication terminal systems. Records (or information contained in records) are maintained on paper documents in claims folders (C-folders), vocational rehabilitation folders, electronic file folders (e.g., VBMS and TIMS Files), and on automated storage media (e.g., microfilm, microfiche, magnetic tape and disks). Such information may be accessed through BON, Virtual VA, VBMS, Corporate WINRS, and VETSNET terminals. BON, Virtual VA, Corporate WINRS, VETSNET, and VBMS terminal locations include VA Central Office, regional offices, VA health care facilities, Veterans Integrated Service Network offices, OoO Finance and Accounting Service Centers and the U.S. Coast Guard Pay and Personnel Center. Remote on-line access is also made available to authorized remote sites, representatives of claimants and to attorneys of record for claimants. A VA claimant must execute a prior written consent or a power of attorney authorizing access to his or her claims records before VA will allow the representative or attorney to have access to the claimant's automated claims records.

Access by representatives and attorneys of record is to be used solely for the purpose of assisting an individual claimant whose records are accessed in a claim for benefits administered by VA. Information relating to receivable accounts owed to VA, designated the Centralized Accounts Receivable System (CARS), is maintained on magnetic tape, microfiche and microfilm. CARS is accessed through a data telecommunications terminal system at St. Paul, Minnesota.

Retrievability:

File folders, whether paper or electronic, are indexed by name of the individual and VA file number. Automated records are indexed by name, VA file number, payee name and type of benefit. Automated records of employee productivity cannot be accessed. At the conclusion of a monthly reporting period, the generated listing is indexed by employee BON identification number. Records in CAIVRS may only be retrieved by social security number.

Safeguards:

1. Physical Security:

(a) Access to working spaces and claims folder file storage areas in VA regional offices and centers is restricted to VA employees on a need-to-know basis. Generally, file areas are locked after normal duty hours and the offices and centers are protected from outside access by the Federal Protective Service or other security personnel. Employee claims file records and claims file records of public figures are stored in separate locked files. Strict control measures are enforced to ensure that access to and disclosure from these claims file records are limited to a need-to-know basis.

(b) Access to BON, Virtual VA, Corporate WINRS, VETSNET and VBMS data telecommunication networks are by authorization controlled by the site security officer who is responsible for authorizing access to the BON, Virtual VA, VBMS and VETSNET by a claimant's representative or attorney approved for access in accordance with VA regulations. The site security officer is responsible for ensuring that the hardware, software and security practices of a representative or attorney satisfy VA security requirements before granting access. The security requirements applicable to the access of automated claims files by VA employees also apply to the access of automated claims files by claimants' representatives or attorneys. The security officer is assigned responsibility for privacy-security measures,

especially for review of violation logs, information logs and control of password distribution, including password distribution for claimants' representatives.

(c) Access to data processing centers is generally restricted to center employees, custodial personnel, Federal Protective Service and other security personnel. Access to computer rooms is restricted to authorized operational personnel through electronic locking devices. All other persons provided access to computer rooms are escorted.

(d) Employee production records are identified by the confidential BON and VETSNET employee identification number, and are protected by management/supervisory personnel from unauthorized disclosure in the same manner as other confidential records maintained by supervisors.

2. BON, Virtual VA, VETSNET, and VBMS System Security:

(a) Usage of the BON, Virtual VA, Corporate WINRS, VETSNET, and VBMS systems is protected by the usage of "login" identification passwords and authorized function passwords. The passwords are changed periodically. These same protections apply to remote access users.

(b) At the data processing centers, identification of magnetic tapes and disks containing data is rigidly enforced using labeling techniques. Automated storage media, which are not in use, are stored in tape libraries, which are secured in locked rooms. Access to programs is controlled at three levels: programming, auditing and operations. Access to the data processing centers where HUD maintains CAIVRS is generally restricted to center employees and authorized subcontractors. Access to computer rooms is restricted to center employees and authorized operational personnel through electronic locking devices. All other persons granted access to computer rooms are escorted. Files in CAIVRS use social security numbers as identifiers. Access to information files is restricted to authorized employees of participating agencies and authorized employees of lenders who participate in the agencies' programs. Access is controlled by agency distribution of passwords. Information in the system may be accessed by use of a touch-tone telephone by authorized agency and lender employees on a "need-to-know" basis.

Retention and Disposal

Compensation, pension, and vocational rehabilitation claims file are retained at the servicing regional office until they are inactive for three years, after which they are transferred to the VA RMC in St. Louis, MO, for the life of the Veteran. At the death of the Veteran, these records are sent to a Federal Records Center (FRC), and maintained by the FRC for 60 years, and thereafter become the permanent possession of the NARA to be retained indefinitely as historical documents. Some claims file folders are electronically imaged, in which case the electronic file folder is maintained in the same manner as the claims file folder. Once a file is electronically imaged and established by VA as the official copy of record, its paper contents (with the exception of official legal documents, and service treatment records and other documents that are the property of OoO), are destroyed in accordance with Records Control Schedule VB-I Part I Section XIII, as authorized by NARA.

Vocational Rehabilitation counseling records are maintained until the exhaustion of a Veteran's maximum entitlement or upon the exceeding of a Veteran's delimiting date of eligibility (generally, ten or twelve years from discharge or release from active duty), whichever occurs first, and then destroyed. Automated storage media containing temporary working information are retained until a claim i

decided, and then destroyed. All other automated storage media are retained and disposed of in accordance with disposition authorization approved by NARA.

Education electronic file folders are retained at the servicing Regional Processing Office. Education folders may be destroyed in accordance with the times set forth in the VBA Records Management, Records Control Schedule VB-1, Part 1, Section VII, as authorized by NARA.

Employee productivity records are maintained for two years after which they are destroyed by shredding or burning. File information for CANRS is provided to HUD by VA on magnetic tape. After information from the tapes has been read into the computer the tapes are returned to VA for updating. HUD does not keep separate copies of the tapes.

**INFORMATION AND INSTRUCTIONS FOR COMPLETING THE
VETERAN'S APPLICATION FOR COMPENSATION AND/OR PENSION**

IMPORTANT - Please read the information below carefully to help you complete this form more quickly and accurately. Some parts of the form also contain notes or specific instructions for completing that part.

Frequently Asked Questions

What do I use VA Form 21-526 for?

Use VA Form 21-526 to apply for compensation and/or pension benefits.

Should I apply for compensation or pension benefits?

You should apply for compensation benefits if:

- You currently have a disability that is the result of an injury, disease, or an event in military service.

You should apply for pension benefits if *all* of the following are true:

- You are age 65 or older or are permanently and totally disabled.
- You served on active duty with at least one day during a period of war.
- Your income and net worth does not exceed certain limits. Visit our web site at https://www.benefits.va.gov/pension/current_rates_veteran_pcu.asp for the maximum yearly income we allow.

Note: Attach current medical evidence showing that you are permanently and totally disabled.

IMPORTANT: If you are a veteran who is age 65 or older, or determined to be disabled by the Social Security Administration, you **DO NOT** have to submit medical evidence with your application unless you are filing for special monthly pension. Special monthly pension is an allowance that may be paid to individuals who, due to mental or physical disability, require the assistance of another person to perform the basic activities of daily living, or their ability to leave home is very limited.

May I apply electronically?

You can apply for VA disability compensation and pension online through eBenefits at www.ebenefits.va.gov. For disability compensation claims, you can also upload all supporting evidence you may have and make your claim a Fully Developed Claim. To file a claim for VA disability compensation electronically, go to eBenefits, select Apply for Benefits and then select Apply for Disability Compensation. You will need to create an eBenefits account to apply for disability compensation online. To file a claim for VA pension electronically, go to eBenefits, select Apply for Benefits, and then select Apply for Veterans Benefits via VONAPP. Once you submit your claim, you can track the status using eBenefits.

NOTE: You can contact an accredited Veterans Service Officer to assist you with your application.

What parts of the form should I complete?

You should complete only the parts related to the benefit for which you are applying:

- If you are applying for compensation **ONLY**, skip parts VII, VIII, IX, X.
- If you are applying for pension, complete the **ENTIRE** form.
- If you need more space to answer a question or have a comment about a specific item on this form, please place it in Part XIII, Item 45, "Remarks." Please identify your answer or comment by the part and item number.

Where can I get help?

You can ask VA to help you fill out the form by contacting a regional office or call center. Before you contact us, make sure you gather the necessary materials and complete as much of the form as you can. You can contact VA in the following ways:

- By internet: <https://iris.va.gov>
- In person: You can locate the address of the closest regional office at <http://www.va.gov/directory> or in your telephone book blue pages under "United States Government, Veterans"
- By telephone: Please call one of the following telephone numbers:
1-800-827-1000
Relay Number 711 (Hearing Impaired TDD line)
1-412-395-6272 (If living outside the U.S.)

You can also contact a county or national veterans' service organization (VSO) representative to help you with your claim. If you want to use a representative to help you, consult your local telephone book to contact a particular VSO or contact the closest VA office. Depending on the type of representative you want to designate, we will send you one of the following forms:

- VA Form 21-22, Appointment of Veterans Service Organization as Claimant's Representative
- VA Form 21-22A, Appointment of Individual as Claimant's Representative

What should I do when I have finished my application?

- You should provide your signature in Part XII, Item 42A. Be sure to sign every form you fill out before you send it to us. If you don't sign the form, VA will return it for you to sign, and it will take longer for us to process.

- Mail or take your application to the closest VA regional office. VA regional office addresses are available on the internet at <http://www.va.gov/directory>

Do I need to keep a copy of my application?

It is important that you keep a copy of all completed forms and materials you give to VA.

Social Security and Supplemental Security Income Benefits

Social Security and Supplemental Security Income are two Federal programs that help people with disabilities. While these programs are different in many ways, the Social Security Administration (SSA) administers both programs. If you think you have a disabling condition, you may qualify for benefits under one or both of these programs and should contact Social Security.

How can I contact SSA if I have questions?

You can find answers to most questions and file a claim online at www.socialsecurity.gov. Specific information is available for active duty military, veterans, and their families at www.socialsecurity.gov/woundedwarriors.

You can also contact SSA in the following ways:

- By phone: (Monday-Friday, 7 a.m. - 7 p.m. EST) at one of the following toll-free numbers:
1-800-772-1213
Relay Number 711 (TDD if you are deaf or hard of hearing)
- By mail or in person: You can locate the address of the Social Security office nearest to you in your telephone book blue pages under "United States Government, Social Security Administration".

SPECIFIC INSTRUCTIONS FOR VA FORM 21-526

Part II - Nature and History of Service-Related Disability(ies)

What disabilities should I list?

List the disease(s) or medical condition(s) that form the basis of your claim for service connected compensation. Be as specific as you can. Indicate the approximate date the disability began and the place of treatment.

Do I have to include any records with this claim forms?

If you have records that support your claim, you should attach them to this form. VA will help you obtain records by requesting them from the person, company, or agency that has them. On this form you must tell us the name and address of the person, company or agency that has these records, the approximate time frame covered by them, and the condition for which you were treated. If you received treatment from a non-VA health care provider complete and return VA Form 21-4142, *Authorization to Disclose Information to the Department of Veterans Affairs (VA)* and VA Form 21-4142a, *General Release for Medical Provider Information to the Department of Veterans Affairs (VA)*, in order for VA to obtain your treatment records. Additional VA Forms 21-4142a can be obtained from the VA forms web site at www.va.gov/vaforms.

Part III - Active Duty Service Information

Do I need to include my active duty service information?

Please provide the information for each period of active duty (provide a copy of your DD214 or other separation papers for all periods of active duty service).

Part IV - Reserve and National Guard Service Information

What If I have Reserve or National Guard Service?

This section tells us if you were a member of the Reserve or National Guard. Complete information for each period of Reserve and National Guard service. Provide a copy of your DD214 or other separation papers for all periods of active service.

Part V - Military Retired/Severance Pay

What If I have received or will receive military pay?

This section asks about your military severance or separation pay, the type, and the amount. If you currently receive military retired pay, we may reduce your retired pay by the amount of any compensation that we award. It is to your advantage because VA compensation is not taxable while retired pay is taxable. However, if you wish to receive military retired pay rather than VA compensation, you must check the box in Item 25. Some veterans receive various readjustment, separation, or severance pay from service departments which may be recouped in full or in part from VA benefit payments.

Part VI - Marital and Dependency Information

Who can I count as a dependent spouse?

A spouse is a person who is married to the veteran (authority: 38 U.S.C. subsection 101(31)). If you are certifying that you are married for the purpose of VA benefits, your marriage must be recognized by the place where you and/or your spouse resided at the time of marriage, or where you and/or your spouse resided when you filed your claim (or a later date when you became eligible for benefits) (38 U.S.C. § 103(c)). Additional guidance on when VA recognizes marriages is available at <http://www.va.gov/opa/marriage/>.

Note: It is important that you provide your marital history and that of your spouse.

Who can be recognized as a dependent child?

VA recognizes the veteran's biological child, adopted child, and stepchild. However, the child must be unmarried and:

- under the age of 18, or
- at least 18 but under 23 and pursuing an approved course of education, or
- permanently incapable of self support before reaching the age of 18.

SPECIFIC INSTRUCTIONS FOR VA FORM 21-526 (Continued)

Part VII - Non-Service Connected Pension

This section asks you to provide the disabilities that prevent you from working. We also ask you to tell us if you require the regular assistance of another person, if you are housebound, if you are in a nursing home, if you are in receipt of Social Security, or if you have applied for Medicaid.

Part VIII - Income Information

This section asks you to provide specific information about the monthly income you and your dependants receive from all sources. Report the gross amount you receive monthly before deductions are taken out for taxes, health care, insurance, etc. Do not leave any blank boxes in this section! Complete each box with either a dollar figure, "0", or "none." If you expect to receive payment, but you don't know how much it will be, write "Unknown" in the space. If you are not sure about a particular type of income, report it and provide a full explanation of its source. If you are receiving monthly benefits from any source and have a copy of your most recent award letter, please include a copy of the letter with your application.

Part IX - Net Worth

This section asks you to provide specific information about your net worth and that of your dependents. Do not leave any blank boxes in this section! Complete each box with either a dollar figure, "0", or "none."

Net worth is the market value of all interest and rights in any kind of property, after subtracting any mortgages and other claims against the property. List all assets except the house in which you live, any reasonable area of land on which it sits, and those items you use everyday, such as your vehicle, clothing and furniture.

Clearly indicate if you and your spouse jointly share assets (such as money in a joint checking account). Report the value of farms or buildings that you or a dependent owns as "real property."

You must disclose all financial transactions that involve a transfer of assets that occurred within the last three years, even if the transaction occurred prior to the date of your application for VA pension. A gift of property or a sale below the property's value to a relative residing in the same household does not reduce net worth. Likewise, a gift of property to someone other than a relative residing in your household does not reduce net worth unless it is clear that you have relinquished all rights of ownership, including the right to control the property. Send in a separate sheet of paper listing all asset transfers, including the date and type of transfer.

Part X - Medical, Legal or Other Expenses

When determining your eligibility for pension, we may be able to deduct unreimbursed medical expenses from your income for the year in which the expenses are paid. Report the amount of unreimbursed medical expenses, including the Medicare deductions you paid (out-of-pocket) for yourself or relatives you are under an obligation to support. Also, show medical, legal, or other expenses you paid because of a disability for which civilian disability benefits have been awarded. Do not report any expenses you did not pay or expenses for which you were or will be reimbursed.

PRIVACY ACT INFORMATION: The VA will not disclose information collected on this form to any source other than what has been authorized under the Privacy Act of 1974 or Title 38, Code of Federal Regulations 1.576 for routine uses (i.e., civil or criminal law enforcement, congressional communications, epidemiological or research studies, the collection of money owed to the United States, litigation in which the United States is a party or has an interest, the administration of VA programs and delivery of VA benefits, verification of identity and status, and personnel administration) as identified in the VA system of records, 58VA21/22/28, Compensation, Pension, Education, and Vocational Rehabilitation and Employment Records - VA, published in the Federal Register. Your obligation to respond is voluntary; however, no allowance of compensation or pension may be granted unless this form is completed fully as required by law. Giving us you and your dependents' Social Security numbers is mandatory. Applicants are required to provide their SSN and the SSN of any dependents for whom benefits are claimed under Title 38 USC 5101 (c) (1). The VA will not deny an individual benefits for refusing to provide his or her SSN unless the disclosure of the SSN is required by a Federal Statute of law in effect prior to January 1, 1975, and still in effect. The requested information is considered relevant and necessary to determine maximum benefits under the law. Information submitted is subject to verification through computer matching programs with other Federal or state agencies. Income and employment information furnished by you will be compared with information obtained by VA from the Secretary of Health and Human Services or the Secretary of the Treasury under clause (viii) of section 6103(1)(7)(D) of the Internal Revenue Code of 1986.

RESPONDENT BURDEN: We need this information to determine your eligibility for compensation and/or pension (38 U.S.C. 5101), Title 38, United States Code, allows us to ask for this information. We estimate that you will need an average of 1 hour to review the instructions, find the information, and complete this form. VA cannot conduct or sponsor a collection of information unless a valid OMB control number is displayed. You are not required to respond to a collection of information if this number is not displayed. Valid OMB control numbers can be located on the OMB Internet Page at www.reginfo.gov/public/do/PRAMain. If desired, you can call 1-800-827-1000 to get information on where to send comments or suggestions about this form.

VA Form 21-8951-2, Notice of Waiver of VA Compensation or Pension to Reserve Military Pay and Allowances

GMS Approved No. 2805-5425
Respondent Burden: 10 minutes

VA REGIONAL OFFICE	<p align="center">NOTICE OF WAIVER OF VA COMPENSATION OR PENSION TO RECEIVE MILITARY PAY AND ALLOWANCES</p>				
NAME AND ADDRESS OF VETERAN		VA FILE NUMBER			
		SOCIAL SECURITY NUMBER			
		DAYTIME TELEPHONE NUMBER (Include Area Code)			
	EVENING TELEPHONE NUMBER (Include Area Code)				
<p>Active or inactive duty training pay cannot legally be paid concurrently with VA disability compensation or pension benefits (10 U.S.C. 12316 and 38 U.S.C. 5304(c)).</p> <p>You may elect to keep the training pay you received from the military service department. However, to be legally entitled to keep your training pay, you must waive VA benefits for a number of days equal to the number of days for which you received training pay. In most instances, it will be to your advantage to waive benefits and keep your training pay.</p> <p>Please enter the number of days for which you received training pay below:</p> <table border="0" style="width: 100%; margin-top: 20px;"> <tr> <td style="text-align: center; width: 50%;">FISCAL YEAR:</td> <td style="text-align: center; width: 50%;">TRAINING DAYS</td> </tr> <tr> <td style="height: 40px;"></td> <td></td> </tr> </table> <p>NOTE: A fiscal year runs from October 1 through September 30. For example, fiscal year 1999 runs from October 1, 1998 through September 30, 1999.</p> <p>Please note that reserve components are to report the number of days during the fiscal year for which a reservist/guardsman receives training pay as one full day's duty pay for each 4-hour training assembly attended. Therefore, you might be credited with 4 days training pay on a drill weekend. Most members will be paid for approximately 63 training days during a fiscal year. This normally consists of 48 armory drills or training sessions and 15 days active training.</p> <p>If you waive VA benefits to receive training pay, VA will adjust your VA award to withhold future benefits for the same total number of days waived and at the monthly rate in effect for the fiscal year for which you received training pay. No overpayment will be created in your account and your normal VA rate will be restored when a sufficient number of days' benefits have been withheld.</p>		FISCAL YEAR:	TRAINING DAYS		
FISCAL YEAR:	TRAINING DAYS
