Private vs. Public: Balancing Privacy and the Right to Know

VA Privacy Service Virtual Panel

Join VA Privacy Service and leading privacy and records management experts on May 2 for an interactive virtual panel discussion about the Freedom of Information Act (FOIA), the Privacy Act, records management and open government.

Experts will discuss processing records requests under the laws, including which information must be disclosed or protected and other related topics.

Attendees are eligible to receive Continuing Privacy Education credits. VA employees are also eligible to receive Talent Management System credits for attending.
