COMPUTER MATCHING AGREEMENT
BETWEEN THE DEPARTMENT OF VETERANS AFFAIRS,
VETERANS BENEFITS ADMINISTRATION
AND
THE DEPARTMENT OF JUSTICE, FEDERAL BUREAU OF PRISONS
FOR DETERMINING ELIGIBILITY
TO CONTINUE TO RECEIVE BENEFITS AUTHORIZED BY THE
DEPARTMENT OF VETERANS AFFAIRS

ARTICLE I. INTRODUCTION
A. This agreement continues an arrangement for a periodic computer-matching program between the United States Department of Veterans Affairs (VA), Veterans Benefits Administration (VBA) as the matching recipient agency and the United States Department of Justice (DOJ), Federal Bureau of Prisons (BOP) as the matching source agency.

B. This agreement sets forth the responsibilities of VBA and BOP with respect to information disclosed pursuant to this agreement and takes into account both agencies' responsibilities under the Privacy Act of 1974, 5 U.S.C. § 552a, as amended by the Computer Matching and Privacy Protection Act of 1988, and the regulations promulgated thereunder, including computer matching portions of a revision of OMB Circular No. A-130, 65 FR 77677 dated December 12, 2000.

ARTICLE II. DEFINITIONS
A. "Disclose" and "Disclosure" mean the release of information (data), with the consent of the individual(s) to whom the information pertains, or otherwise in accordance with the applicable Privacy Act disclosure provisions.

B. "Recipient Agency" means the Veterans Benefits Administration (VBA) of the United States Department of Veterans Affairs (VA). VBA is the agency receiving the records to be used in this matching program.

C. "Source Agency" means the Federal Bureau of Prisons (BOP) of the United States Department of Justice (DOJ). The BOP is the agency disclosing the records to be used in this matching program.

D. "SSN" means Social Security Number.

E. "Felony" means a criminal offense that is a felony under applicable law, or in a jurisdiction that does not specify that any crime is a felony but is an offense punishable by death or by imprisonment for a term exceeding one year.
F. "Misdemeanor" means a criminal offense that is a misdemeanor under applicable law, or in a jurisdiction that does not specify that any crime is a misdemeanor, that is punishable by imprisonment for a term not exceeding one year.

G. "Confined" and "confinement" refer to service by an individual who is committed to the custody of the Director, Federal Bureau of Prisons, or in the custody and control of the Attorney General of the United States for a sentence of incarceration in a public institution pursuant to the conviction of a Federal crime. Such an individual will be considered confined even if incarcerated in a public institution not operated by the BOP. Such an individual also will be considered confined if temporarily or intermittently outside a public institution, e.g., on work release, attending school, hospitalized, or furloughed.

H. The term "data breach," in accordance with 38 U.S.C. § 5727, means the loss, theft, or other unauthorized access, or any access other than that incidental to the scope of employment, to data containing sensitive personal information, in electronic or printed form, that results in the potential compromise of the confidentiality or integrity of the data.

I. The term "security incident," in accordance with 38 U.S.C. § 5727, means an event that has, or could have, resulted in unauthorized access to, loss or damage to VA assets, or sensitive information, or an action that breaches VA security procedures.

ARTICLE III. PURPOSE AND LEGAL AUTHORITY

A. Purpose: The purpose of this matching program between VBA and BOP is to identify those veterans and VA beneficiaries who are in receipt of certain VA benefit payments and who are confined (see Article II. G.) for a period exceeding 60 days due to a conviction for a felony or a misdemeanor. VBA has the obligation to reduce or suspend compensation, pension, and dependency and indemnity compensation benefit payments to veterans and VA beneficiaries on the 61st day following conviction and incarceration in a Federal, State, or Local institution for a felony or a misdemeanor.

B. VBA will use the BOP records provided in the match to update the master records of veterans and VA beneficiaries receiving benefits and to adjust their VA benefits, accordingly, if needed.

C. Legal Authority: The legal authority to conduct this match is 38 U.S.C. §§ 1505, 5106, and 5313. Section 5106 requires any Federal department or agency to provide VA such information as VA requests for the purposes of determining eligibility for, or the amount of VA benefits, or verifying other information with respect thereto. Section 1505 provides that no VA pension benefits shall be paid to or for any person eligible for such benefits, during the period of that person’s incarceration as the result of conviction of a felony or misdemeanor, beginning on the sixty-first day of incarceration. Section 5313 provides that VA compensation or dependency and indemnity compensation above a specified amount shall not be paid to any person eligible for such benefits, during the period of that person’s incarceration as the result of conviction of a felony, beginning on the sixty-first day of incarceration.

ARTICLE IV. JUSTIFICATION AND ANTICIPATED RESULTS

A. Justification: The parties to this agreement have determined that a computer matching program is the most effective, efficient and expeditious means of obtaining and processing the
information needed by VA to identify payees subject to the required reduction. Computer matching allows for a more effective identification process. This allows for a more effective identification process at one location of those inmates in Federal custody rather than a disjointed and irregular state-by-state and facility-by-facility system.

B. Anticipated Results: In order to minimize administrative costs of implementation of the law, and to maximize the effects of the action and the law, a system of ongoing data exchange and subsequent computer matching programs was developed. BOP does not expect any savings as a result of this matching program. The cost saving and cost avoidance for VA are expected to be approximately $992,009 over the life of this agreement (18 months). This estimate is based on data collected concerning monthly adjustments made during fiscal year 2006 as a result of this computer match. An analysis of the benefit of this matching program is Attachment 1.

**ARTICLE V. DESCRIPTION OF RECORDS TO BE MATCHED**

A. Data Elements Used in the Match:

1. BOP agrees to furnish VBA with a data file containing data elements on currently confined inmates as defined in Article II. These data elements are to be submitted monthly showing the individuals admitted during the reporting period. The data are to be submitted to VA as soon as possible after the end of the reporting period taking into account the time needed to have the required data elements entered into the prisoner database.

Upon request, and with prior coordination with BOP, BOP will provide VBA with a total current prison population data file of all currently confined inmates as defined in Article II. Subsequent monthly files will contain only accretions to the prison population. (The BOP inmate data will adhere to the input specifications listed in Attachment II.) The data elements provided to VBA will be taken from DOJ’s Inmate Central Records System, Justice/BOP-005, published on June 7, 1984 (48 FR 23711), republished on May 9, 2002 (67 FR 31371), and last modified on January 25, 2007 (72 FR 3410). A copy is provided here as Attachment III. BOP data elements to be provided are:

- Social Security Number
- Last Name
- First Name
- Middle Name
- Suffix Name
- Date of Birth
- Date Computation Began
- Length of Sentence
Place of Current Confinement or Destination of Confinement if In-transit

Register Number

Date of Actual Release

Current Incarceration Indicator

2. VA will match SSNs received from BOP with SSNs in VA’s system of records entitled “Compensation, Pension, Education, and Vocational Rehabilitation and Employment Records – VA” (58 VA 21/22/28), published at 74 FR 29275 (June 19, 2009), last amended at 77 FR 42593, July 19, 2012.

3. The inmate name information that BOP reports to VBA will pertain only to the name information that BOP identifies as the inmate committed name. BOP will not report to VBA any other inmate name information that is maintained, such as alias names, nicknames, or legal name. BOP will remove hyphens, embedded blanks, and quotes from the name fields, if present, and left justify those name fields. BOP will make only one entry per inmate within the data file.

B. Number of Records Involved:

1. BOP will provide identifying information on approximately 5,700 newly confined inmates admitted during each monthly reporting period. Upon request for a total current prison population data file, BOP will provide VBA with identifying information concerning approximately 204,000 federally confined individuals currently under BOP supervision.

2. VBA will match this information with approximately 2.5 million recipients of VA benefits to identify those confined veterans and VA beneficiaries who are in receipt of VA compensation, pension, or dependency and indemnity compensation.

C. BOP will not report inmate data to VBA that satisfies the following selection criteria:

- Inmates identified as “U.S. Immigration and Customs Enforcement” aliens
- Inmates identified as juveniles
- Inmates in a witness protection program
- Inmates in a non-BOP agency
- Inmates with no sentence data
- Inmates in a prolonged-in-transit facility
- Inmates released permanently

D. Routine Use Publication: Agencies must publish routine uses pursuant to Subsection (b)(3) of the Privacy Act for those systems of records from which they intend to disclose information
for purposes of a computer match. BOP and VBA have determined that their systems of records contains appropriate routine use disclosure authority which is compatible with the purpose for which the information was collected, and which indicates that disclosures can be made for computer matching. BOP’s specific routine use provision is referenced in Attachment III. VBA’s routine use provision is Routine Use number 35 in Attachment IV.

ARTICLE VI. DURATION OF AGREEMENT

A. Transmittal Letter Begins Review Time: When this agreement is approved and signed by the Chairpersons of the respective Data Integrity Boards of VBA/VA as the recipient agency and BOP/DOJ as the source agency, VA will submit this agreement and the proposed Public Notice of the match in duplicate via a transmittal letter to Congress and the Office of Management and Budget for review. The time period for review outside the agencies begins on the date of the transmittal letter.

B. Matching Notice Publication: Simultaneously with the transmittal being forwarded to Congress and OMB for review, VA will forward the Public Notice of the proposed matching program for publication in the Federal Register as required by Subsection (e)(12) of the Privacy Act. The matching notice will clearly identify the records systems and category of records being used, and state that the program is subject to review by OMB and Congress. A copy of the published notice shall be provided to BOP.

C. Effective Date of Agreement: The parties to this agreement may assume OMB and Congressional concurrence if no comments are received within 40 days of the date of the transmittal letter. The 40-day OMB and Congressional review period and the mandatory 30-day public comment period for the Federal Register publication of the notice will run concurrently, but not necessarily simultaneously, because of the lead time required by the Office of the Federal Register for publication of the matching notice. The effective date of this matching agreement, and the date when matching may begin, will be the expiration of the 30-day Federal Register public comment period or the 40-day OMB review period, whichever is later.

D. Length of Agreement: The agreement shall be valid for 18 months from the effective date of the notice, and may be extended by the parties at the end of 18 months. The agreement is expected to begin at the expiration of the 30-day Federal Register public comment period or the 40-day OMB/Congress review period, whichever is later. It is expected that the match will run 18 times during the duration of the agreement. The Data Integrity Boards of both agencies may, within 3 months prior to the expiration of the agreement (i.e., 15 to 18 months after the effective date), approve an extension of one year pursuant to 5 U.S.C. § 552a(o)(2)(D). In order to extend the agreement, both VA and BOP must certify in writing that:

1. The matching program will be conducted without change, and
2. The matching program has been conducted in compliance with this original agreement.

E. If either agency does not want to continue this agreement, it should notify the other of its intention not to renew at least 90 days before the end of the then-current period. This agreement may be amended at any time by a written modification to this agreement that satisfies both parties, if approved by the Data Integrity Board of each party, and, if necessary, published in the
Federal Register, with copies having been provided to the Congress and to the Office of Management and Budget at least 40 days before its implementation.

F. If DOJ believes that unilateral termination of this agreement is warranted under 5 U.S.C. § 552a(q)(1), it will make such efforts as are feasible under the circumstances to first notify and confer with VA to prevent unintended disbursements of federal benefits to ineligible applicants. Either party may singly terminate the agreement upon written notice to the other party, in which case, the termination shall be effective 90 days after the date of such notice, or at a later date specified in the notice. This agreement may also be terminated for violation of any security procedure.

ARTICLE VII. NOTICE PROCEDURES

A. Applicants: VA notifies all individuals who apply for benefits that the information provided on the application is subject to computer matches with other agencies. VA's direct notice consists of appropriate language printed on its application forms. VA's notice will inform all applicants that information obtained through computer matching programs may be used to determine eligibility for benefits.

B. Beneficiaries: VA provides subsequent periodic notices to those veterans and other VA beneficiaries who are receiving VA compensation, pension, and dependency and indemnity compensation benefit payments that their continued eligibility for such payments is subject to verification through computer matching programs. VA's notice consists of appropriate language mailed by check stuffer or letter to all veterans and VA beneficiaries who receive compensation, pension, or dependency and indemnity compensation.

ARTICLE VIII. VERIFICATION PROCEDURES

A. Verification of Match Information: To verify information obtained under this agreement prior to initiating any adverse action against an affected individual, VA will confirm that the correct veteran or VA beneficiary has been identified as confined. To confirm that the correct veteran or VA beneficiary has been identified, VA will examine VA claims folders to confirm that the confined individual is the same as the matched veteran or VA beneficiary by comparing name, SSN, and date of birth, and take steps to confirm that the same individual is or was confined. VA will provide all individuals for whom VA decides such adverse action is necessary a written notification with the information as discussed in the following paragraph "B."

B. Notice and Opportunity to Contest: At least sixty days before taking any adverse action based on the information received from the match, VA will send written notification to each VA beneficiary or veteran as follows:

1. VA has received information, which indicates that an adverse action is necessary,
2. The information relied upon, and
3. That the recipient has 60 days to contest the adverse action.

C. Upon completion of the adverse action, VA will notify the individual of Appellate Rights, amount of overpayment, if any, and procedures for requesting waiver of the overpayment.
ARTICLE IX. DISPOSITION OF RECORDS

A. The BOP files and the records created by the match will be used and accessed by VA only for the purpose stated in Article III.

B. VA will not create a separate file or system of records, which consists of information concerning only those individuals who are involved in the specific matching program.

C. VA will retain BOP data with identifying information only for the period of time required for any processing related to the matching program (ordinarily 90 days). After that time, VA will destroy the data in accordance with records control schedules.

ARTICLE X. SECURITY PROCEDURES

The Privacy Act requires that each matching agreement specify procedures for ensuring the administrative, technical, and physical security of the records matched and the results of such programs (5 U.S.C. § 552a(o)(1)(G)).

Both BOP and VBA agree to comply with the requirements of the Federal Information Security Management Act (FISMA), 44 U.S.C. § 3541 et seq.; and, where appropriate, related Office of Management and Budget (OMB) circulars and memorandums, such as Circular A-130, Management of Federal Information Resources (Nov. 28, 2000), and Memorandum M-06-16, Protection of Sensitive Agency Information (June 23, 2006); National Institute of Science and Technology (NIST) directives; and the Federal Acquisition Regulations (FAR). These laws, directives, and regulations include requirements for safeguarding Federal information systems and personally identifiable information (PII) used in Federal agency business processes, as well as related reporting requirements. Both agencies recognize that laws, regulations, NIST standards, and OMB directives relating to the subject of this agreement and published subsequent to the effective date must also be implemented if mandated.

Information systems used to store, access, process, or transmit records matched and information produced by the match will employ security controls consistent with those recommended by the U.S. Department of Commerce, NIST, or will utilize a comparable risk management program. NIST-recommended security controls are described in NIST Special Publication 800-53 Revision 1, "Recommended Security Controls for Federal Information Systems.II".

FISMA requirements apply to all Federal contractors, organizations or sources that possess or use Federal information, or that operate, use, or have access to Federal information systems on behalf of an agency. The recipient agency is responsible for oversight and compliance of their contractors and agents. BOP reserves the right to conduct onsite inspections to monitor compliance with FISMA regulations during the lifetime of this agreement.

A. Loss Reporting

If either agency experiences a loss of PII provided by the other under the terms of this agreement, that agency will follow OMB loss reporting guidelines (OMB M-06-19 “Reporting Incidents Involving Personally Identifiable Information and Incorporating the Cost of Security into It Investments”) and notify the United States Computer Emergency Readiness Team (US-CERT) within 1 hour of discovering the incident. In addition, they
will immediately notify the other agency’s Information Security Programs Section (BOP: 202-514-2049 or 202-307-6667) (VA contact person named in this agreement) in the event of any actual or suspected breach of such data (i.e., loss of control, compromise, unauthorized disclosure, access for an unauthorized purpose, or other unauthorized access, whether physical or electronic). If within 1 hour VA has been unable to make a report to the BOP contact named herein, VA will call the DOJ Computer Emergency Readiness Team (DOJCERT) at 1-866-US4-CERT (1-866-874-2378) and make the report. If within 1 hour BOP has been unable to make a report to the VA contact named herein BOP will call the VA Network and Security Operations Center at 866-407-1566 and make the report.

B. Breach Notification

VA follows PII breach notification policies and related procedures (as required by OMB M-07-16 (May 22, 2007)). If VA determines that the risk of harm requires notification to affected individuals and/or other remedies, VA will carry out these notifications and/or remedies without cost to BOP.

C. Administrative Safeguards

Access to the records matched and to any records created by the match will be restricted to only those authorized employees and officials who need it to perform their official duties in connection with the uses of the information authorized in this agreement. Further, all personnel who will have access to the records matched and to any records created by the match will be advised of the confidential nature of the information, the safeguards required to protect the records and the civil and criminal sanctions for noncompliance contained in the applicable Federal laws.

D. Physical Safeguards

The records matched and any records created by the match will be stored in an area that is physically secure from access by unauthorized persons during duty hours as well as nonduty hours or when not in use. Access to the record storage area is limited to authorized personnel who must display a photo-identification pass or confidential electronically coded magnetic strip identifier prior to entry. Only authorized personnel will transport the records matched and those created by the match. Such transport shall be under appropriate safeguards consistent with the manner in which they are stored and processed.

E. Technical Safeguards

The records matched and any records created by the match will be processed under the immediate supervision and control of authorized personnel in a manner which will protect the confidentiality of the records so that unauthorized persons cannot retrieve any such records by means of computer, remote terminal or other means. Systems personnel must enter personal identification numbers when accessing data on the system. Authorization is strictly limited to those electronic record areas required by the work of the authorized analyst.
F. Application of Policy and Procedures

BOP and VA shall also adopt polices and procedures to ensure that information contained in their respective records and obtained from each other shall be used solely as provided in this agreement. BOP and VA agree to comply with these guidelines and any revision of them. Each agency reserves the right to make onsite inspections or may make other provisions for auditing compliance with the terms of the agreement such as requiring recurring self-audits to ensure that adequate safeguards are being maintained.

G. Onsite Inspection

The DIB of each agency participating in this agreement reserves the right to monitor compliance with FISMA and OMB M-06-16 requirements and to make onsite inspections for purposes of auditing compliance (if needed) during the lifetime of this agreement or of any 12 month extension of this agreement.

ARTICLE XI. RECORDS USAGE, DUPLICATION AND REDISCLOSURE

RESTRICTIONS

The following limitations will apply to the access to, and disclosure and use of, identifying information provided by BOP:

1. Data provided to VA will not be duplicated or redisclosed within or outside VA, except where required by law or where essential to the conduct of the matching program (see 5 U.S.C. § 552a(o)(1)(H)).

2. The data will be retained for approximately 90 days. After that time, it will be destroyed.

3. Data provided to VA will not be used to extract information concerning individuals therein for any purpose not specified in Article III of this agreement.

4. The information provided by BOP will be used within VA only to the extent necessary to achieve the purpose of the match.

5. VA agrees not to use the BOP file to extract information about non-matching individuals for any purpose.

ARTICLE XII. ACCURACY ASSESSMENT

Previous VA matches with the Social Security Administration indicate that the names and social security numbers (SSNs) in VA records are 99 percent accurate. VA internal verification procedures have also confirmed this percent of accuracy in VA records. BOP believes that virtually all of the names and SSNs that it will provide to VA will be the same as those furnished by the inmate sources.
ARTICLE XIII. ACCESS BY THE COMPTROLLER GENERAL

The Government Accountability Office (Comptroller General) may have access to all VA and BOP records as necessary in order to verify compliance with this agreement.

ARTICLE XIV. REMOTE TERMINAL ACCESS

VA will not allow remote terminal access to the information being transferred under the terms of this agreement.

ARTICLE XV. REIMBURSEMENT

BOP agrees to provide the prisoner information at no cost to VA. VA will be responsible for all costs incurred with the delivery of the data. Further, VA authorizes BOP the use of any designated VA billing account numbers for the sole purpose of delivery of such data, as deemed appropriate.

   Savings by recovery
   $750,954
   $488,120

C. Amounts saved as a result of this match
   (cost avoidance)
   $190,627

D. Administrative savings such as personnel and program costs resulting from

E. Other savings
   $0

TOTAL SAVINGS
   $678,747

Costs:

A. Salaries, fringe benefits, and other personnel costs in administering the matching
   program including costs associated with the verification process
   $12,607

B. Computer costs
   $4,800

TOTAL COST
   $17,407

The benefits of this match exceed the costs by $661,340 and by a ratio of 38 to 1. The ratio of
benefits to costs makes this match worthwhile.

Notes:

VA has determined that approximately 65% of accounts receivable are actually recovered;
therefore, the total amount of overpayments created multiplied by .65 provides the amount of
savings by recovery.

“Cost avoidance” represents the amount actually saved by VA based upon the reduction or
termination of benefits. It is calculated by subtracting actual entitlements from projected
entitlements on each case processed.

NOTICES

DEPARTMENT OF JUSTICE

[AAGIA Order No. 265-2002]

Privacy Act of 1974; System of Records

Thursday, May 9, 2002

Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a), notice is given that the Federal Bureau of Prisons (Bureau) proposes to modify its system of records entitled "Inmate Central Records System, JUSTICE/BOP-005". The system notice, which was last published on June 7, 1984 (49 FR 23711), is now being modified and will become effective 60 days from the date of publication.

As previously published, the system included only those persons who were committed to the custody of the Attorney General and thereby to the Bureau of Prisons under 18 U.S.C. 4003, 4042 and 4082. The Bureau is modifying the system to include all additional individuals who are directly committed to the custody of the Bureau of Prisons, pursuant to the additional authority of 18 U.S.C. 3621 and 5003 (state inmates), and inmates from the District of Columbia pursuant to section 11201 of Chapter I of Subtitle C of Title XI of the National Capital Revitalization and Self-Government Improvement Act of 1997 (Pub. L. 105-33; 111 Stat. 740).

In addition to edits which have been made to better describe the system and/or improve its clarity, the Bureau has added a statement on the purpose of this system and expanded the list of records contained in this system to include "drug testing and DNA samples and analysis records." Also, the routine use section has been reorganized to better describe or clarify certain routine uses. New routine uses have been added to allow for the release of information to courts and administrative forums and to prevent immediate loss of life or serious bodily injury. In addition, an existing routine use has been modified to include the General Services Administration (GSA) as a potential recipient of records access during records management inspections. This modification is consistent with Public Law 98-497 (44 U.S.C. 2102) which renamed the National Archives and Records Service as the "National Archives and Records Administration (NARA)" and established it as a separate agency which would continue to share its records management inspection responsibilities with GSA. Accordingly, the routine use has been changed to show that while NARA and GSA are separate agencies, they have retained shared responsibilities for records management inspections under the authority of 44 U.S.C. 2904 and 2906.

Appropriate sections have been revised to reflect technological advances and new agency practices regarding the storage, retrieval, access, retention and disposal of records in the system. The Bureau has re-designated the system manager and also clarified record access procedures.

The exemptions from certain Privacy Act provisions continue, as previously published in 28 CFR 16.97(a) and (b). Exemptions from (e)(1) and (e)(5) have been added for law enforcement purposes.

Title 5 U.S.C. 552a (e)(4) and (11) provide that the public be given a 30-day period in which to comment; and the Office of Management and Budget (OMB), which has oversight responsibilities under the Privacy Act, requires
that it be given a 40-day period in which to review the system. Therefore, please submit any comments by June 10, 2002. The public, OMB, and the Congress are invited to send written comments to Mary Cahill, Management and Planning Staff, Justice Management Division, Department of Justice, Washington, DC 20530 (1400 National Place Building).

In accordance with 5 U.S.C. 552a(r), the Department has provided a report to OMB and the Congress on the proposed modification. A description of the modified system is provided below.

Dated: April 26, 2002.

Robert F. Diegelman,

Acting Assistant Attorney General for Administration.

42. The name of a veteran, or other beneficiary, other information as is reasonably necessary to identify such individual, and any other information concerning the individual’s indebtedness by virtue of a person’s participation in a benefits program administered by VA, may be disclosed to the Treasury Department, Internal Revenue Service, for the collection of Title 38, U.S.C. benefit overpayments, overdue indebtedness, and/or costs of services provided to an individual not entitled to such services, by the withholding of all or a portion of the person’s Federal income tax refund.

43. Veterans’ addresses which are contained in this system of records may be disclosed to the Defense Manpower Data Center, upon its official request, for military recruiting command needs, Department of Defense civilian personnel offices’ mobilization studies and mobilization information, debt collection, and Individual Ready Reserve (IRR) Units’ locator services.

44. The name, address, VA file number, date of birth, date of death, social security number, and service information may be disclosed to the Defense Manpower Data Center. The Department of Defense will use this information to identify retired veterans and dependent members of their families who have entitlement to Department of Defense benefits but who are not identified in the Defense Enrollment Eligibility Reporting System (DEERS) program and to assist in determining eligibility for Civilian Health and Medical Program of the Uniformed Services (CHAMPUS) benefits. This purpose is consistent with 38 U.S.C. 5701. These records may also be disclosed as part of an ongoing computer-matching program to accomplish this purpose.

45. The Social Security Administration will use the data in the administration of the Supplemental Security Income (SSI) payment system as prescribed by Pub. L. 92–603. These records may also be disclosed as part of an ongoing computer-matching program to accomplish these purposes. This purpose is consistent with 38 U.S.C. 5701.

46. The names and current addresses of VA beneficiaries who are identified by finance centers of individual uniformed services of the Department of Defense and the Department of Homeland Security (Coast Guard) as responsible for the payment of Survivor Benefit Plan (SBP) premium payments to be released from this system of records to them upon their official written request for such information for their use in attempting to recover amounts owed for SBP premium payments.

47. This routine use authorizes VA to compile lists of the social security numbers and loan account numbers of all persons with VA-guaranteed and portfolio loans in default, or VA loans on which there has been a foreclosure and the Department paid a claim and provide these records to the Department of Housing and Urban Development for inclusion in its Credit Alert Interactive Voice Response System (CAIVRS). Information included in this system may be disclosed to all participating agencies and lenders who participate in the agencies’ programs to enable them to verify information provided by new loan applicants and evaluate the creditworthiness of applicants. These records may also be disclosed as part of an ongoing computer-matching program to accomplish these purposes.

48. Identifying information including social security number, abbreviated surname, first and middle initial, date of birth, sex and claim number, and excluding the full name and address, may be disclosed to the Social Security Administration for the purpose of conducting a computer match to obtain information to validate the social security number maintained in VA records.
49. Any information contained in the files of veterans whose claims were referred to VA Central Office for an advisory opinion concerning their claims that their disabilities were incurred secondary to occupational radiation exposure may be disclosed to the Department of the Navy. The information to be furnished to the Navy would include the medical opinions, dose estimates, advisory opinions, and rating decisions including veterans' names, addresses, VA claim numbers, social security numbers, and medical information. The requested information may be disclosed to the Department of the Navy upon receipt of its official written request for such information for its use in the review and assessment of its occupational radiation exposure controls and training.

50. A veteran's claims folder number and folder location may be disclosed to a court of proper jurisdiction that has issued a garnishment order for that veteran under 42 U.S.C. 659 through 660.

51. An individual's identifying and payment information may be disclosed to the educational institution, training establishment, or other entity the individual attends (or attended) if that individual received educational assistance from VA based on training at that educational institution, training establishment, or entity. VA will disclose this information to assist the educational institution, training establishment, or other entity in verifying the individual's receipt of VA educational assistance and to assist the individual in applying for additional financial aid (e.g., student loans).

52. The name and address of a prospective, present, or former accredited representative, claims agent or attorney and any information concerning such individual which is relevant to a refusal to grant access privileges to automated veterans' claims records, or a potential or past suspension or termination of such access privileges may be disclosed to the entity employing the individual to represent veterans on claims for veterans benefits.

53. The name and address of a former accredited representative, claim agent or attorney, and any information concerning such individual, except a veteran's name and home address, which is relevant to a revocation of such access privileges may be disclosed to an appropriate governmental licensing organization where VA determines that the individual's conduct that resulted in revocation merits reporting.

54. A record from this system (other than the address of the beneficiary) may be disclosed to a former representative of a beneficiary to the extent necessary to develop and adjudicate a claim for payment of attorney fees to such representative from past-due benefits under 38 U.S.C 5904(d) and Public Law 109–461 or to review a fee agreement between such representative and the beneficiary for reasonableness under 38 U.S.C. 5904(c)(2) and Public Law 109–461.

55. Disclosure of tax returns and return information received from the Internal Revenue Service (IRS) may be made only as provided by 26 U.S.C. 6103 (an IRS confidentiality statute) also covering any IRS tax return information provided as part of an ongoing computer matching program.

Where VA determines that there is good cause to question the legality or ethical propriety of the conduct of a person or organization representing a person in a matter before VA, a record from this system may be disclosed, on VA's initiative, to any or all of the following: (1) Applicable civil or criminal law enforcement authorities and (2) a person or entity responsible for the licensing, supervision, or professional discipline of the person or organization acting as a representative. Name and home addresses of veterans and their dependents will be released on VA's initiative under this routine use only to Federal entities.

57. The name and address of a VA beneficiary, and other information as is reasonably necessary to identify such a beneficiary, who has been adjudicated as incompetent under 38 CFR 3.353, may be provided to the Attorney General of the United States or his/her designee, for use by the Department of Justice in the National Instant Criminal Background Check System (NICS) mandated by the Brady Handgun Violence Prevention Act, Public Law 103–159.

58. Disclosure may be made to the National Archives and Records Administration in record management inspections and such other activities conducted under Authority of Title 44 U.S.C.

59. VA may disclose information from this system of records to the Department of Justice (DoJ), either on VA's initiative or in response to DoJ's request for the information, after either VA or DoJ determines that such information is relevant to DoJ's representation of the United States or any of its components in legal proceedings before a court or adjudicative body, provided that, in each case, the agency also determines prior to disclosure that release of the records to the DoJ is a use of the information contained in the records that is compatible with the purpose for which VA collected the records. VA, on its on initiative, may disclose records in this system of records in legal proceedings before a court or administrative body after determining that the disclosure of records to the court or administrative body is a use of the information contained in the records that is compatible with the purpose for which VA collected the records.

60. Disclosure of relevant information may be made to individuals, organizations, public or private agencies, or other entities with whom VA has a contract or agreement or where there is a subcontract to
perform such services as VA may deem practicable for the purposes of laws administered by VA, in order for the contractor or subcontractor to perform the services of the contract or agreement.

61. Disclosure to other Federal agencies may be made to assist such agencies in preventing and detecting possible fraud, waste, overpayment, or abuse by individuals in their operations and programs as well as identifying areas where legislative and regulatory amendments directed toward preventing overpayments. These records may also be disclosed as part of an ongoing computer-matching program to accomplish this purpose.

62. VA may on its own initiative, disclose any information or records to appropriate agencies, entities, and persons when (1) VA suspects or has confirmed that the integrity or confidentiality of information in the system of records has been compromised; (2) VA has determined that as a result of the suspected or confirmed compromise, there is a risk of embarrassment or harm to the reputations of the record subjects, harm to the economic or property interests, identity theft or fraud, or harm to the programs (whether maintained by VA or another agency or entity) that rely upon the potentially compromised information; and (3) the disclosure is to agencies, entities, or persons whom VA determines are reasonably necessary to assist or carry out the VA’s efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm. This routine use permits disclosures by VA to respond to a suspected or confirmed data breach, including the conduct of any risk analysis or provision of credit protection services as provided in 38 U.S.C. 5724, as the terms are defined in 38 U.S.C. 5727.

63. VA may disclose information to other Federal Agencies including, but not limited to, identifying information, payment information, and vocational objectives about a veteran or service member who is receiving or has received benefits under the Vocational Rehabilitation program to be used in data analysis and development of performance measures.

64. Any information contained in this system may be disclosed by VA, as deemed necessary, to DoD for use for determinations required by DoD. VA will routinely use the information to conduct medical evaluations needed to produce VA disability ratings and to promulgate subsequent claims for benefits under Title 38 U.S.C.

65. Information in this system (excluding date of birth, social security number, and address) relating to the use of transferred educational assistance benefits may be coequally disclosed to the transferor, i.e., the individual from whom eligibility was derived and to each transferee, i.e., the individual receiving the transferred benefit. The information disclosed is limited to the two parties in each transferor-transferee relationship, as the transferor may have multiple transferred relationships.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage:

The Benefits Delivery Network (BDN), Virtual VA, Corporate WINRS, and Veterans’ Service Network (VETSNET) are data telecommunication terminal systems. Records (or information contained in records) are maintained on paper documents in claims folders (Cfolders), vocational rehabilitation folders, electronic folders (e.g., Virtual VA and TIMS Files), and on automated storage media (e.g., microfilm, microfiche, magnetic tape and disks). Such information may be accessed through BDN, Virtual VA, Corporate WINRS, and VETSNET terminals. BDN, Virtual VA, Corporate WINRS, and VETSNET terminal locations include VA Central Office, regional offices, VA health care facilities, Veterans Integrated Service Network (VISN) offices, Department of Defense Finance and Accounting Service Centers and the U.S. Coast Guard Pay and Personnel Center. Remote on-line access is also made available to authorized remote sites, representatives of claimants and to attorneys of record for claimants.

A VA claimant must execute a prior written consent or a power of attorney authorizing access to his or her claims records before VA will allow the representative or attorney to have access to the claimant's automated claims records. Access by representatives and attorneys of record is to be used solely for the purpose of assisting an individual claimant whose records are accessed in a claim for benefits administered by VA. Information relating to receivable accounts owed to VA, designated the Centralized Accounts Receivable System (CARS), is maintained on magnetic tape, microfiche, and microfilm. CARS is accessed through a data telecommunication terminal system at St. Paul, Minnesota.

Retrievability:

File folders, whether paper or electronic, are indexed by name of the individual and VA file number. Automated records are indexed by name, VA file number, payee name, and type of benefit. Automated Records of employee productivity cannot be accessed. At the conclusion of a monthly reporting period,
the generated listing is indexed by employee BDN identification number. Records in CAIVRS may only be retrieved by social security number.

Safeguards:
1. Physical Security:
   (a) Access to working spaces and claims folder file storage areas in VA regional offices and centers is restricted to VA employees on a need-to-know basis. Generally, file areas are locked after normal duty hours and the offices and centers are protected from outside access by the Federal Protective Service or other security personnel. Employee claims folder records and claims folder records of public figures are stored in separate locked files. Strict control measures are enforced to ensure that access to and disclosure from these claims folder records are limited to a need-to-know basis.
   (b) Access to BDN, Virtual VA, Corporate WINRS, and VETSNET data telecommunication networks are by authorization controlled by the site security officer who is responsible for authorizing access to the BDN, Virtual VA and VETSNET by a claimant's representative or attorney approved for access in accordance with VA regulations. The site security officer is responsible for ensuring that the hardware, software, and security practices of a representative or attorney satisfy VA security requirements before granting access. The security requirements applicable to the access of automated claims folders by VA employees also apply to the access of automated claims folders by claimants' representatives or attorneys. The security officer is assigned responsibility for privacy-security measures, especially for review of violation logs, information logs and control of password distribution, including password distribution for claimants' representatives. (c) Access to data processing centers is generally restricted to center employees, custodial personnel, Federal Protective Service, and other security personnel. Access to computer rooms is restricted to authorized operational personnel through electronic locking devices. All other persons provided access to computer rooms are escorted. (d) Employee production records are identified by the confidential BDN and VETSNET employee identification number, and are protected by management/Supervisory personnel from unauthorized disclosure in the same manner as other confidential records maintained by supervisors.
2. BDN, Virtual VA, and VETSNET System Security:
   (a) Usage of the BDN, Virtual VA, Corporate WINRS, and VETSNET systems is protected by the usage of “login” identification passwords and authorized function passwords. The passwords are changed periodically. These same protections apply to remote access users. (b) At the data processing centers, identification of magnetic tapes and disks containing data is rigidly enforced using labeling techniques; Automated storage media, which are not in use, are stored in tape libraries, which are secured in locked rooms. Access to programs is controlled at three levels: Programming, auditing and operations. Access to the data processing centers where HUD maintains CAIVRS is generally restricted to center employees and authorized subcontractors. Access to computer rooms is restricted to center employees and authorized operational personnel through electronic locking devices. All other persons granted access to computer rooms are escorted. Files in CAIVRS use social security numbers as identifiers. Access to information files is restricted to authorized employees of participating agencies and authorized employees of lenders who participate in the agencies' programs. Access is controlled by agency distribution of passwords. Information in the system may be accessed by use of a touch-tone telephone by authorized agency and lender employees on a “need-to-know” basis.

Retention and disposal:
Compensation, pension, and vocational rehabilitation claims folders are retained at the servicing regional office until they are inactive for three years, after which they are transferred to the Records Management Center (RMC) for the life of the veteran. Official legal documents (e.g., birth certificates, marriage licenses) are returned to the claimant after copies are made for the claimant's file. At the death of the veteran, these records are sent to the Federal Records Center (FRC), and maintained by the National Archives and Records Administration (NARA) in accordance with NARA policy. Some claims folders are electronically imaged; in which case, the electronic folder is maintained in the same manner as the claims folder. Once a file is electronically imaged and accepted by VBA, its paper contents (with the exception of documents that are the official property of the Department of Defense, and official legal documents), are destroyed in accordance with Records Control Schedule VB-1 Part 1 Section XIII, as authorized by NARA. Documents that are the property of the Department of Defense are either stored at the RMC, or transferred to NARA and maintained in accordance with NARA policy. Vocational Rehabilitation counseling records are maintained until the exhaustion of a veteran's maximum entitlement or upon the exceeding of a veteran's delimiting date of eligibility (generally, ten or twelve years from discharge or release from active duty), whichever occurs first, and then destroyed. Automated storage media containing temporary working information are retained until a claim is decided, and then destroyed. All
other automated storage media are retained and disposed of in accordance with disposition authorization approved by NARA. Education electronic folders are retained at the servicing Regional Processing Office. Education folders may be destroyed in accordance with the times set forth in the Veterans Benefits Administration Records Management, Records Control Schedule VB-1, Part 1, Section VII, as authorized by NARA. Employee productivity records are maintained for two years after which they are destroyed by shredding or burning. File information for CAIVRS is provided to HUD by VA on magnetic tape. After information from the tapes has been read into the computer the tapes are returned to VA for updating. HUD does not keep separate copies of the tapes.
