SPECIAL CONDITIONS TO SAWTELLE-OXY LICENSE

DEPARTMENT OF VETERANS AFFAIRS

LICENSE NO. 691-97-01-1L1

1. The Bureau of Land Management (BLM), Department of the Interior, under authority of the UNITED STATES OF AMERICA issued Acquired Lands Lease, Serial No. 0138800, to Mr. Tom Dowlen, affecting land at the VA Wadsworth Medical Center, Los Angeles, California (now West Los Angeles VA Medical Center) (Exhibit II) affecting the oil and gas deposits under said lands, including the right to use a designated area on such lands as a drill site. Lease No. 0138800 was subsequently assigned by Mr. Dowlen to the Gulf Oil Corporation who in turn appointed Occidental Petroleum Corporation, now OXY USA INC. as Operator. On April 6, 1993 Westside Operating Partners succeeded to Operator as ratified by Veterans Administration May 12, 1993.

2. On July 21, 1966, the Department of Veterans Affairs leased a designated surface drilling site under the BLM Lease No. 0138800 to OXY for a three year term to also use the drill site for slant drilling of wells bottomed under land outside of VA property.

3. After successive three year periods of signing supplemental lease agreements, starting on July 14, 1969 and terminating on October 1, 1990, the succession of supplemental lease agreements was broken, by allowing a supplemental lease agreement to expire on October 1, 1990. Oxy USA INC., as successor in interest to the domestic oil and gas assets of Occidental Petroleum Corporation of Bakersfield, California, continues to occupy and exercise those rights and benefits from use of said drill site, as a surface location from which to remove petroleum, and as a platform from which to drill wells as it did before. Both parties therefore, have found themselves without benefit of formal agreement, and are now both desirous of again joining together in an agreement for their mutual benefit.

4. The licensee shall pay to the Department of Veterans Affairs, rental in the amount of: a two and one-half percent (2-1/2%) averred royalty on the total gross production of all oil, gas and other hydrocarbons which are produced from any and all wells now operating or to be drilled under this agreement * Said royalty shall be computed in accordance with the Oil and Gas Operating Regulations (30 C.F.R. Part 218) and shall be paid monthly to the:

*where such wells bottom under lands outside of V.A. property.
Agent Cashier,
Department of Veterans Affairs
Medical Center West Los Angeles,
Wilshire and Sawtelle Boulevards,
Los Angeles, California 90073

and in addition, the licensee shall pay to the Government on demand any sum which may have to be expanded after the expiration or termination of this license to restore and promises to a condition satisfactory to the VA Director. Any monetary compensation shall be made payable to the Treasurer of the United States and forwarded by the lessee directly to the Agent Cashier, VAMC, West Los Angeles, California.

5. All notices to be given pursuant to this licensee shall be addressed, if to the licensee:

    Westside Operating Partners Limited Partnership
    C/O Breitburn Energy Corporation
    3415 S. Sepulveda Blvd.
    Los Angeles, Ca 90034

if to VA

    Director,
    VA Medical Center West Los Angeles
    Wilshire and Sawtelle Boulevards
    Los Angeles, California 90073

or as may from time to time otherwise be directed by the parties. Notice shall be deemed to have been duly given if and when enclosed in a properly sealed envelope, addressed as aforesaid and deposited, postage prepaid, in a public mail box maintained by the U.S. Postal Service.

6. The use and occupancy of the licensed property shall be subject to the general supervision and approval of VA Medical Center Director, West Los Angeles, California, and to such rules and regulations as may be prescribed by the Director from time to time.

7. The licensee has inspected and knows the condition of the property to which this license pertains, and it is understood that the license is hereby granted without any representation of warranty by VA whatsoever and without obligation on the part of VA to make any alterations, repairs, or additions thereto.
8. The right is hereby reserved to VA, its officers, agents, and employees to enter upon said premises at any time for the purpose of inspection and inventory and when otherwise deemed necessary for the protection of the interests of VA and the licensee shall have no claims of any character on account thereof against VA or any officer, agent, or employee thereof.

9. The licensee shall pay the cost, as determined by the VA Medical Center Director, West Los Angeles, California, of producing and/or supplying any utilities and other services furnished by the Government. The Government shall be under no obligation to furnish utilities or services. Payment shall be made in the method prescribed by the VA Medical Center Director, upon bills rendered.

10. The licensee shall neither transfer nor assign this license or any property on the demised premises, nor sublet the demised premises or any part thereof or any property thereon, nor grant any interest, privilege or license whatsoever in connection with this license without prior permission in writing from the VA Medical Center Director, West Los Angeles, California.

11. For such period as the licensee is in possession of the denoted premises pursuant to the provisions and conditions of this license, the licensee shall procure and maintain at its cost a standard fire and extended coverage insurance policy or policies on the licensed property to the full insurable value thereof. The licensee shall procure such insurance from any responsible company or companies, and furnish either the original policy or policies or certifications of insurance to the Government. The policy or policies evidencing such insurance shall provide that in the event of loss thereunder the proceeds of the policy or policies, at the election of the Government, shall be payable to the licensee to be used solely for the repair, restoration, or replacement of the property damaged or the insurer, after payment of any proceeds to the licensee in accordance with the provisions of the policy or policies shall have no obligation or liability with respect to the use or disposition of the proceeds by the licensee. Nothing herein contained shall be construed as an obligation upon VA to repair, restore, or replace the leased premises, or any part thereof.

12. The licenses shall obtain and keep in force and effect public liability insurance coverage in the minimum amount of $1,000,000 to protect the Government from third party property damage and bodily injury claims arising out of use of the property by the licensee. Evidence of such insurance coverage shall be furnished to the Government upon request.
13. The licensee shall cut no timber, conduct no mining or drilling operations, remove no sand, gravel, or similar substances from the ground, except in the exercise of mineral rights heretofore reserved to the record owner thereof, and encompassed within the scope of this license, commit a waste of any kind, or in any manner substantially change the contour or condition of the property hereby leased, except changes required in carrying out soil and water conservation measures, or any other measure consistent with the duties and good practices required to perform those functions for which this license is granted.

14. On or before the date of expiration of this license, or its termination by the licensee shall vacate the demised premises, remove the personal property of the licensee therefrom and at the option of the Government, remove the fixtures therefrom, and restore the premises to as good order and condition as that existing upon the date of commencement of the term of this license, damages beyond date of commencement of the term of this license, damages beyond the control of the licensee and due to fair wear and tear excepted. In the event that the licensee should fail to comply with the duties set forth in this paragraph, then the licensee shall pay to VA on demand any sum which may have to be expended after the expiration or termination of this license to restore the premises to the condition as stated herein. Any monetary compensation shall be made payable to the Treasurer of the United States and forwarded by the lessee directly to the Agent Cashier, VA Medical Center, West Los Angeles, California.

15. If this license has been negotiated without advertising, the licensee agrees that the Comptroller General of the United States, the Secretary of Veterans Affairs, or any of their duly authorized representatives shall, until the expiration of 3 years after final payment under this license, have access to and the right to examine any directly pertinent books, documents, papers, and records of the licensee involving transactions related to this license. The licensee further agrees to include in all his subcontracts hereunder a provision to the effect that the subcontractor agrees that the Comptroller General of the United States, the Secretary of Veterans Affairs, or their representatives shall, until the expiration of 3 years after final payment under this license with the Government, have access to and the right to examine any directly pertinent books, documents, papers, and records of such subcontractor involving transactions related to the subcontract.

16. The licensee shall pay to the proper authority, when and as the same becomes due and payable, all taxes, assessments, and similar charges, which at any time during the term of this license, may be taxed, assessed or imposed upon the Government or upon the licensee with respect to or upon the licensed premises.
17. This license is further subject to the following provisions and conditions:

A. The Regional Oil and Gas Supervisor of the Geological Survey shall have control over and approve:

1. The use of the drill site by the licensee for drilling and production of non-Federal wells.

2. The sequence and priority of wells drilled from the drill site in the event only one drilling rig is used.

3. The direction and location of the subsurface cylinder in which a directionally drilled well must remain while drilling through Federal land.

B. Use of the drill site shall be under the supervision of the Director, VAMC West Los Angeles, California and in strict compliance with conditions of said lease Serial No. 0138800 and "Stipulation for Lands under Jurisdiction of the Department of Veterans Affairs" which are hereby attached to and made part of this license.

C. In addition to any other remedies available to the Government, this agreement may be terminated by VA upon failure by the Licensee to comply with the terms herein.

6. The use and occupancy of the licensed property shall be subject to the general supervision and approval of VA Medical Center Director, West Los Angeles, California, and to such rules and regulations as may be prescribed by the Director from time to time.

7. The licensee has inspected and knows the condition of the property to which this license pertains, and it is understood that the license is hereby granted without any representation or warranty by VA whatsoever and without obligation on the part of VA to make any alterations, repairs, or additions thereto.
8. The right is here reserved to VA, its officers, agents, and employees to enter upon said premises at any time for the purpose of inspection and inventory and when otherwise deemed necessary for the protection of the interests of VA and the licensee shall have no claim of any character on account thereof against VA or any officer, agent, or employee thereof.

9. The licensee shall pay the cost, as determined by the VA Medical Center Director, West Los Angeles, California, of producing and/or supplying any utilities and other services furnished by the Government. The Government shall be under no obligation to furnish utilities or services. Payment shall be made in the method prescribed by the VA Medical Center Director, upon bills rendered.

10. The licensee shall neither transfer nor assign this license or any property on the demised premises, nor sublet the demised premises or any part thereof or any property thereon, nor grant any interest, privilege or license whatsoever in connection with this license without prior permission in writing from the VA Medical Center Director, West Los Angeles, California.

11. For such period as the licensee is in possession of the demised premises pursuant to the provisions and conditions of this license, the licensee shall procure and maintain at its cost a standard fire and extended coverage insurance policy or policies on the licensed property to the full insurable value thereof. The licensee shall procure such insurance from any responsible company or companies, and furnish either the original policy or policies or certificates of insurance to the Government. The policy or policies evidencing such insurance shall provide that in the event of loss thereunder the proceeds of the policy or policies, at the election of the Government, shall be payable to the licensee to be used solely for the repair, restoration, or replacement of the property damaged or destroyed, any balance of the proceeds not required for the repair, restoration, or replacement of the property damaged or destroyed to be paid to the Government, provided, however, that the insurer, after payment of any proceeds to the licensee in accordance with the provisions of the policy or policies shall have no obligation or liability with respect to the use or disposition of the proceeds by the licensee. Nothing herein contained shall be construed as an obligation upon VA to repair, restore, or replace the leased premises, or any part thereof.
The licensee shall obtain and keep in force and effect public liability insurance coverage in the minimum amount of $1,000,000 to protect the Government from third party property damage and bodily injury claims arising out of use of the property by the licensee. Evidence of such insurance coverage shall be furnished to the Government upon request.

13. The licensee shall cut no timber, conduct no mining or drilling operations, remove no sand, gravel, or similar substances from the ground, except in the exercise of mineral rights heretofore reserved to the record owner thereof, and encompassed within the scope of this license, commit no waste of any kind, or in any manner substantially change the contour or condition of the property hereby leased, except changes required in carrying out soil and water conservation measures, or any other measure consistent with the duties and good practices required to perform those functions for which this license is granted.

14. On or before the date of expiration of this license, or its termination by the licensee, or its revocation by VA, the licensee shall vacate the demised premises, remove the personal property of the licensee therefrom and at the option of the Government, remove the fixtures therefrom, and restore the premises to as good order and condition as that existing upon the date of commencement of the term of this license, damages beyond the control of the licensee and due to fair wear and tear excepted. In the event that the licensee should fail to comply with the duties set forth in this paragraph, then the licensee shall pay to VA on demand any sum which may have to be expended after the expiration or termination of this license to restore the premises to the condition as stated herein. Any monetary compensation shall be made payable to the Treasurer of the United States and forwarded by the lessee directly to the Agent Cashier, VA Medical Center, West Los Angeles, California.

15. If this license has been negotiated without advertising, the licensee agrees that the Comptroller General of the United States, the Secretary of Veterans Affairs, or any of their duly authorized representatives shall, until the expiration of 3 years after final payment under this license, have access to and the right to examine any directly pertinent books, documents, papers, and records of the licensee involving transactions related to this license. The licensee further agrees to include in all his subcontracts hereunder a provision to the effect that the subcontractor agrees that the Comptroller General of the United States, the Secretary of Veterans Affairs, or their representatives shall, until the expiration of 3 years after final payment under this license with the Government, have access to and the right to examine any directly pertinent books, documents, papers, and records of such subcontractor involving transactions related to the subcontract.
16. The licensee shall pay to the proper authority, when and as the same becomes due and payable, all taxes, assessments, and similar charges, which at any time during the term of this license, may be taxed, assessed or imposed upon the Government or upon the licensee with respect to or upon the licensed premises.

17. This license is further subject to the following provisions and conditions:

A. The Regional Oil and Gas Supervisor of the Geological Survey shall have control over and approve:

Los Angeles County, CA

Gentlemen:

Please be advised that OXY USA Inc. has reached an agreement to sell all of its right, title and interest in the Sawtelle Field to Eastern American Energy Corporation, 501 56th Street, Charleston, West Virginia 25304 and BreitBurn Energy Corporation, 3415 South Sepulveda Blvd., Suite 300, Los Angeles, California 90034. Eastern American Energy Corporation and BreitBurn Energy Corporation have chosen to operate this field in a Limited Partnership capacity. The Limited Partnership shall be comprised of BreitBurn Energy Corporation, as General Partner and an affiliate of Eastern American Energy Corporation, named Westside Acquisition Corporation, as Limited Partner. The Limited Partnership is named Westside Operating Partners Limited Partnership and is the entity to which OXY has been asked to assign, and will assign, all of its right, title and interest in said field at closing of the sale.

Pursuant to Article 10 of that certain License Agreement referenced above by and between OXY USA Inc. and the Department of Veterans Affairs West Los Angeles Medical Center, Wadsworth Division, OXY USA Inc. respectfully requests your consent in OXY assigning the captioned License Agreement to Westside Operating Partners Limited Partnership.

We ask that you please acknowledge your consent to such transfer in the space provided and return one (1) copy of this letter to the attention of the undersigned.

It is anticipated that this transaction will close by March 15, 1992, therefore, your prompt, favorable response to this matter will be greatly appreciated.

T. 15 S., R. 15 W.,

as more particularly described as Parcels A and B in Exhibit B attached hereto and made a part hereof,

containing 70.58 acres, more or less, for a period of five years and so long thereafter as oil or gas is produced in paying quantities: Provided, That this lease shall not be deemed to expire by reason of suspension of operations or production pursuant to any order or consent of the Secretary of the Interior. Except as otherwise provided and subject to the conditions herein specified, the lessee shall have the right to construct and maintain upon the leased lands all works, buildings, plants, waterways, roads, telegraph or telephone lines, pipe lines, reservoirs, tanks, pumping stations, or other structures as may be necessary to the full enjoyment of this lease.

Sec. 1(a) See following Sec. 10.

Sec. 2. The lessee hereby agrees:

(a) Bonds. To furnish and maintain at all times as required by the Lessor a bond in the penal sum of $10,000 with approved corporate surety, conditioned upon compliance with the terms of this lease.

(b) Drilling agreement or unit plan. Within 30 days of demand to subscribe to and operate under such reasonable communization or drilling agreement, or under such cooperative or unit plan, embracing all or a portion of the lands included herein as the Secretary of the Interior may determine to be practicable and necessary or advisable, which agreement or plan shall adequately protect the rights of all parties in interest, including the United States, and which shall modify the terms hereof to the extent provided in such agreement or plan.

(c) Wells. To commence the drilling of a well or wells within the time and at such location as may be prescribed in Attachment A which is made a part hereof.

(d) Rentals and royalties. (1) To pay annual rentals and royalties on production under this lease as provided in Attachment B which is made a part hereof.

(2) At the option of the Lessor to pay the respective royalties herein provided for in value or in amount of production. If paid in value such royalties shall be due and payable monthly on the last day of the month next following the month in which produced. If paid in amount of production the respective royalty products shall be delivered in merchantable condition on the premises where produced without cost to Lessor, unless otherwise agreed to by the parties hereto, at such times and at such shipping point as may be designated by the Lessor, or in the case of crude oil, in such tanks provided by the Lessee as reasonably may be required by the Lessor, but in no event shall the Lessee be required to hold royalty oil or other royalty products in storage beyond the last day of the month next following the month in which produced. The Lessee shall not be responsible or held liable for the loss or destruction of royalty oil or other products in storage from causes over which the Lessee has no control.

(3) It is expressly agreed that the Secretary of the Interior may establish reasonable minimum values for purposes of computing royalty on any or all oil, gas, natural gasoline, and other products obtained from gas; due consideration being given to the highest price paid for a part of or for a majority of production of like quality in the same field, to the price received by the Lessee, to posted prices and to other relevant matters and, whenever appropriate, after notice and opportunity to be heard.

(4) Royalties shall be subject to reduction on the entire leaseholds or on any portion thereof segregated for
of the State or the United States upon improvements, oil, and
gas produced from the land hereunder, or other rights, proper-
ly, or assets of the Lessee; to accord all workmen and
employees complete freedom of purchase, and to pay all wages
due workmen and employees at least twice each month in the
twelfth money of the United States.

(3) Equal Opportunity clauses. During the performance of
this contract, the Lessee agrees as follows:

(1) The Lessee will not discriminate against any em-
ployee or applicant for employment because of race, creed,
color, or national origin. The Lessee will take affirmative
action to ensure that applicants are employed, and employees
are treated during employment, without regard to their race,
creed, color, or national origin. Such action shall include,
but not be limited to the following: employment, upgrading,
demotion, or transfer; recruitment or recruitment advertising,
layoff or termination; rates of pay or other forms of compensa-
tion; and selection for training, including apprenticeship. The
Lessee agrees to post in conspicuous places, available to
employees and applicants for employment, notices to be pro-
vided by the contracting officer setting forth the provisions
of this nondiscrimination clause.

(2) The Lessee will, in all solicitations or ad-
sensitimations for employees placed by or on behalf of the Lessee,
state that all qualified applicants will receive consideration
for employment without regard to race, creed, color, or
national origin.

(3) The Lessee will send to each labor union or rep-
resentative of workers with which he has a collective bargain-
ing agreement or other contract or understanding, a notice, to
be provided by the agency contracting officer, advising the
labor union or workers’ representative of the Lessee’s commit-
ments under Section 202 of Executive Order No. 11246 of
September 24, 1965, and shall post copies of the notice in
conspicuous places available to employees and applicants for
employment.

(4) The Lessee will comply with all provisions of Ex-
cutive Order No. 11246 of September 24, 1965, and of the rules,
regulations, and relevant orders of the Secretary of Labor.

(5) The Lessee will furnish all information and
reports required by Executive Order No. 11246 of Septem-
ber 24, 1985, and by the rules, regulations, and orders
of the Secretary of Labor, or pursuant thereto, and will per-
mit access to his books, records, and accounts by the
contracting agency and the Secretary of Labor for purposes of
investigation to ascertain compliance with such rules, regu-
lations, and orders.

(6) In the event of the Lessee’s noncompliance with
the nondiscrimination clauses of this contract or with any of
such rules, regulations, or orders, this contract may be
cancelled, terminated or suspended in whole or in part and
the Lessee may be declared ineligible for further Government
contracts in accordance with procedures authorized in Execu-
tive Order No. 11246 of September 24, 1965, and such other
sanctions may be imposed and remedies involved as provided
in Executive Order No. 11245 of September 24, 1965, or by
rule, regulation, or order of the Secretary of Labor, or as other-
wise provided by law.

(7) The Lessee will include the provisions of para-
graphs (1) through (7) in every subcontract or purchase order
unless exempted by rules, regulations, or orders of the Secret-
ary of Labor issued pursuant to Section 204 of Executive
Order No. 11246 of September 24, 1965, so that such provisions
will be binding upon each subcontractor or vendor. The Lessee
will take such action with respect to any subcontract or pur-
chase order as the contracting agency may direct as a means of
enforcing such provisions including sanctions for noncompli-
cance: Provided, however, That in the event the Lessee
becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the Lessee may request the United States to enter into such litigation to protect the interests of the United States.

(m) Assignment of lease or interest therein. To file with the Lessee within 90 days from the date of final execution any instrument of transfer made of this lease, or any interest therein, such instrument to take effect upon its final approval by the Bureau of Land Management, as of the first day of the month following the date of filing.

(n) Pipe lines to purchase or convey at reasonable rates and without discrimination. If owner, or operator, or owner of a controlling interest in any pipe line or of any company operating the same which may be operated accessible to the oil or gas derived from lands under this lease, to accept and convey and, if a purchaser of such products, to purchase at reasonable rates and without discrimination the oil or gas of the Government or of any citizen or company not the owner of any pipe line, operating a lease or purchasing or selling oil, gas, natural gasoline, or other products obtained under a lease or permit granted by the United States.

(o) Reserved deposits. To comply with all statutory requirements and regulations thereunder, if the lands embraced herein have or shall hereafter be diagnosed of under the laws reserving to the United States the deposits of oil and gas therein, subject to such conditions as are or may hereafter be provided by the laws reserving such oil or gas.

(p) Overriding royalties. Not to create overriding royalties or payments out of production in excess of 5 percent on the leasehold or any part thereof or any zone segregated for the computation of royalties without approval by the Lessee.

(q) Use and protection of property. To comply with the stipulations governing the use and protection of the leased lands prescribed in Attachment C which is made a part hereof.

(r) Damage to property. To pay the Lessee or his tenant, as the case may be, for any and all damage to or destruction of property caused by Lessee’s operations hereunder; to save and hold the Lessee harmless from all damage or claims for damage to persons or property resulting from the Lessee’s operations under this lease.

(s) Restoration of surface of land. Upon any partial or total relinquishment, cancellation, or expiration of lease, Lessee shall, as to that part of the leased land as to which his rights have terminated, and to the extent deemed necessary by the Lessee fill all sump holes, ditches and other excavations, remove or cover all debris, and shall, so far as reasonably possible, restore the surface of the leased land to its former condition.

(t) Local agent. To appoint and maintain at all times during the term of this lease an agent upon whom may be served orders or notices respecting matters contained in this section, and within 15 days after the date of this lease to inform the Oil and Gas Supervisor of the U. S. Geological Survey, in writing, the name and address of such agent. If a substitute agent is appointed, Lessee shall immediately so inform the said official.

(u) Oil and gas operating regulations. To comply with and operate in accordance with the provisions of the Oil and Gas Operating Regulations (30 CFR, Part 221), to the extent that such regulations are not inconsistent with the specific terms hereof.

Sec. 3. The Lessee expressly reserves:

(a) Easement and rights-of-way. The right to permit for joint or several use easements or rights-of-way, including easements in tunnels upon, through, or in the lands leased, occupied, or used as may be necessary or appropriate to the working of the same, and the treatment and shipment of products thereof by or under authority of the Government, its Lessees or Permittees, and for other public purposes.

(b) Disposition of surface. The right to lease, sell, or otherwise dispose of the surface of any of the lands embraced within this lease which are owned by the United States under existing law or laws hereafter enacted, insofar as said surface is not necessary for the use of the Lessee in the extraction and removal of the oil and gas therein.

(c) Monopoly and fair prices. Full power and authority to promulgate and enforce all orders necessary to insure the sale of the production of the leased lands to the United States and to the public at reasonable prices, to protect the interests of the United States, to prevent monopoly, and to safeguard the public welfare.

(d) Helium. The ownership and the right to extract helium from all gas produced under this lease, subject to such rules and regulations as shall be prescribed by the Secretary of the Interior. In case the Lessee elects to take the helium the Lessee shall deliver all gas containing same, or portion thereof desired, to the Lessee at any point on the leased premises in the manner required by the Lessee, for the extraction of the helium in such plant or reduction works for that purpose as the Lessee may provide, whereupon the residue shall be returned to the Lessee with no substantial delay in the delivery of gas produced from the well to the Purchaser thereof. The Lessee shall not suffer a diminution of value of the gas from which the helium has been extracted, or loss otherwise, for which he is not reasonably compensated, save for the value of the helium extracted. The Lessee further reserves the right to erect, maintain, and operate any and all reduction works and other equipment necessary for the extraction of helium on the premises leased.

Sec. 4. Drilling and producing restrictions. It is covenanted and agreed that the rate of prospecting and developing and the quantity and rate of production from the lands covered by this lease shall be subject to control in the public interest by the Secretary of the Interior, and in the exercise of his judgment the Secretary may take into consideration, among other things, Federal laws, State laws, and regulations issued thereunder, or lawful agreement among operators regulating either drilling or production, or both. After relinquishment, the Secretary of the Interior, or any person, committee or State or Federal officer or agency so authorized in the unit plan, may alter or modify from time to time, the rate of prospecting and development and the quantity and rate of production from the lands covered by this lease.

Sec. 5. Surrender and termination of lease. The Lessee may surrender this lease, as to all or part of the leased land, by filing in the proper land office a written relinquishment, in triplicate, which shall be effective as of the date of filing and subject to the continued obligation of the Lessee and his successors to make payment of all accrued rentals and royalties and to place all wells on the land to be relinquished in condition for suspension or abandonment in accordance with the applicable operating regulations and lease terms.
Sec. 6. Purchase of materials etc., on termination of lease. Upon the expiration of the lease, or the earlier termination thereof pursuant to the last preceding section, the Lessee shall have the privilege at any time within a period of 90 days thereafter of removing from the premises all machinery, equipment, tools, and materials other than improvements needed for producing wells. Any materials, tools, appliances, machinery, structures, and equipment subject to removal shall be removed and left in the leased premises free from all liens or encumbrans. Provided, That the Lessee shall remove any or all of such property where so directed by the Lessor.

Sec. 7. Proceedings in case of default. If the Lessee fails to comply with any of the provisions of the lease or defaults in the performance or observance of any of the terms hereof and such noncompliance or default shall continue for a period of 30 days after service of written notice thereof by the Lessor, this lease may be canceled by the Secretary of the Interior, but this provision shall not be construed to prevent the exercise by the Lessor of any legal or equitable remedy which the Lessor might otherwise have. Upon cancellation of this lease, any casing, material or equipment determined by the Lessor to be necessary for use in plugging or preserving any well drilled on the leased land shall become the property of the Lessor. A waiver of any particular cause of forfeiture shall not prevent the cancellation and forfeiture of this lease for any cause other cause of forfeiture, or for the same cause occurring at any other time.

Sec. 8. Preference of Government to purchase gas. Any executive department of the Government shall have the option to purchase any gas produced from the premises after 6 months advance notice to the Lessor by the Secretary of the Interior; Provided, such gas is not being utilized for represession or secondary recovery purposes for the benefit of this lease.

Sec. 9. Heirs and successors in interest. It is further covenanted and agreed that each obligation hereunder shall extend to and be binding upon, and every benefit hereof shall inure to the heirs, executors, administrators, successors, or assigns of the respective parties hereof.

Sec. 10. Unlawful interest. It is also further agreed that no Member of, or Delegate to, Congress, or Resident Commissioner, after his election or appointment, or either before or after he has qualified, and during his continuance in office, and no officer, agent, or employee of the Department of the Interior, shall hold any share or part in this lease or derive any benefit that may arise therefrom; and that the provisions of Section 3741 of the Revised Statutes of the United States, and sections 431, 432, and 433, Title 18, United States Code, relating to contracts, shall enter into and form a part of this lease as the same may be applicable.

Sec. 11(a). Pursuant to Lessor's reservation of easements and rights of way under Sec. 3a of oil and gas lease Los Angeles 0138800, the Lessee is hereby granted subsurface easements and rights of way through such leasehold as may be necessary for the orderly development of "Parcel A" hereof, subject to any conditions deemed necessary by, and subject to the approval of, the Regional Oil and Gas Supervisor of the Geological Survey having supervision over the operations hereunder.

ATTACHMENT A

(c) Wells

1. Lessee shall commence drilling operations within 90 days from the effective date hereof. Lessee shall complete said well on the leased lands to production or abandonment at a depth sufficient to test the formation found productive in wells on lands adjacent to the leased lands. Such operations may be conducted on the leased lands at a surface location on the area described in Attachment C-I, and shown on Exhibit A or from a surface location on lands other than the leased lands.

2. Lessee shall drill and produce such other wells as are necessary to protect the leased lands from drainage, or in lieu of any part of such drilling and production, with the consent of the Regional Oil and Gas Supervisor of the Geological Survey, compensate the lessor in full each month for the estimated loss of royalty through drainage in the amount determined by said Supervisor.

3. Lessee may elect to drill and produce other wells in conformity with any system of well spacing or production allotments affecting the field or area in which the leased lands are situated, which is authorized and sanctioned by applicable law or by the Secretary of the Interior.

4. Promptly after due notice in writing, lessee shall drill and produce such other wells as the lessor may reasonably require in order that the leased premises may be properly and timely developed and produced in accordance with good operating practice.
ATTACHMENT B

(d) **Rentals and Royalties**

1. Lessee shall pay the lessor, in advance, an annual rental of two dollars per acre or fraction thereof for each lease year which commences prior to a discovery of oil or gas in paying quantities on the leased lands.

2. Lessee shall pay the lessor a royalty of 16-2/3 percent of the amount or value of production obtained and saved from the leased lands.

3. Lessee shall pay the lessor, in lieu of rental, at the expiration of each lease year beginning after a discovery of oil or gas on the leased lands, a minimum royalty of one dollar per acre or fraction thereof, or if there is production, the amount, if any, that such minimum royalty exceeds royalties on production.

4. Prior to a discovery of oil or gas on the leased lands, the lessee shall make rental payments due the lessor to the order of the Bureau of Land Management at the Land Office having jurisdiction over the area in which the leased lands are located.

5. After discovery of oil or gas on the leased lands, the lessee shall make royalty and minimum royalty payments due the lessor to the order of the Geological Survey at the office of the Regional Oil and Gas Supervisor having supervision over the operations hereunder.

ATTACHMENT C

(q) Use and Protection of Property

1. The portion of the surface of the leased lands available for drilling and production facilities shall be limited to the area designated in Attachment C-1, and shown on Exhibit "A".

2. Drilling equipment shall be operated by muffled internal combustion engines or electric motors.

3. During production periods pumping operations shall be conducted by adequately muffled internal combustion engines or electric motors.

4. When pumping is conducted by bottom hole hydraulic pumps, these may be powered by muffled internal combustion engines, provided these are completely enclosed within buildings insulated with sound-deadening materials.

5. The derrick shall be soundproofed with standard materials used at the present time and which are acceptable to the City Fire Chief; drilling operations shall be conducted so as to prevent objectionable noise. Derrick and drilling equipment shall be removed from the wellsight within sixty days after completion of drilling operations.

6. Application shall be made for an Industrial Waste Disposal Permit, and all regulations and requirements of the Air Pollution Control District shall be complied with.

7. Illumination from excess gas-burning standpipes shall be shielded from adjacent properties on which residences are located, or on which Veterans Administration Hospital buildings or other installations are located.

8. The producing wellsight and necessary field storage and production facilities shall be fenced so as to prevent access thereto by unauthorized persons, such fence to be chain link and wood lath fence eight feet in height.

9. Storage and tank facilities shall not exceed the capacity reasonably necessary for producing operations.

10. All sumps shall be fenced so as to prevent access thereto by unauthorized persons, such fence to be chain link or other industrial type fence and not less than six feet in height.

Page 1 of 2 Items 11 through 18 continued on page 2.
11. After drilling is completed, the producing wellsite and storage facilities shall be landscaped with trees, shrubbery, and plants to screen the facilities from public view and blend with the surrounding area, and shall be maintained. If buildings are constructed adjacent to the wellsite, the wellsite shall always have an aesthetic design reasonably compatible with the adjacent improvements or changes.

12. Permanent structures and equipment shall be painted in neutral colors so as to blend with the natural surroundings.

13. The yard area shall be maintained in a neat and orderly condition, and so far as practicable all operations conducted on said site and service roads shall be carried on with a minimum of objectionable noise and dust.

14. All pipes laid outside the drilling site in connection with drilling or production operations shall be covered to a depth of not less than one foot. The location of these pipe lines must be approved by the Director of the Veterans Administration Center.

15. Existing water lines and fire hydrants on the drilling and production area must be relocated at the sole cost of the Lessee as directed by the Director of the Veterans Administration Center.

16. All private roads used for ingress and egress to and from the drill site shall be surfaced and maintained during drilling and production operations.

17. Signs shall not be constructed, erected, maintained, or placed on the premises or any part thereof except those required by law or ordinance to be displayed in connection with the drilling or maintenance of the well and those required for public safety.

18. Whenever the operations of the Lessee hereunder are conducted in a manner which in the judgment of the Administrator of Veterans Affairs, or his designee, is injurious to the safety and welfare of the patients of the Veterans Administration Center, the Lessee, upon notice thereof, shall cease and desist such operations immediately. Such operations shall continue suspended until corrective measures satisfactory to the Administrator, or his designee, have been adopted by the Lessee, and in addition, the Lessee, within 60 days from the date of cessation of such operations, shall begin in good faith and with reasonable diligence to take corrective measures acceptable to the Administrator, or his designee, to remedy such operations.
