SYSTEM NAME:
Library Network (VALNET)-VA.

SYSTEM LOCATION:
Records are maintained at each Department of Veterans Affairs (VA) medical center library (see Appendix A) and VA Central Office Library at 810 Vermont Avenue, NW., Washington, DC 20420.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:
The records may include information concerning all present and former VA employees volunteers, students, contractors, regardless of whether they check out materials or use tables of content routing and interlibrary loan services, but only those veterans and others receiving care at the facility who check out materials.

CATEGORIES OF RECORDS IN THE SYSTEM:
The records may include information related to:
1. Items checked out and in use (library books, journals, audiovisuals);
2. Library public access computer work stations used by VA staff and patients;
3. Name, last four digits of the social security number, email address, other assigned identifier, work location information, such as service, and extension for employees, students, and ward location for patients or other assigned ID.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:
Title 38, United States Code, section 501.

PURPOSE(S):
The records and information may be used to track library materials checked out to library users and those materials that are overdue, materials borrowed from other libraries for library users, to track and recover costs of lost library materials to determine library materials to purchase and/or replace based on usage, to track users of library public access computers, and to compile management and statistical reports. Cost is recovered by Fiscal
Service through Bills of Collection. If Bills of Collection are not paid, Fiscal Service garnishes checks, including Federal tax refunds, or turns the matter over to collection agencies.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

1. Information from this system of records may be disclosed to a congressional office from the record of an individual in response to an inquiry from the congressional office made on behalf of that individual.

2. Disclosure may be made to the National Archives and Records Administration (NARA) for records management inspections under authority of Title 44 United States Code.

3. Disclosure may be at VA's initiative made to the appropriate Federal, State, or local agency responsible for investigating, prosecuting, enforcing, or implementing a statute, rule, regulation, or order, where the agency becomes aware of an indication of a violation or potential violation of civil or criminal law or regulation.

4. A record from this system of records may be disclosed to a Federal agency, in response to its request, in connection with the hiring or retention of an employee, the issuance of a security clearance, the conducting of a security or suitability investigation of an individual, the reporting of an investigation, the letting of a grant or other benefit, to the extent that the information is relevant and necessary to the requesting agency's decision on the matter.

5. Records from this system of records may be disclosed in a proceeding before a court, adjudicative body, or other administrative body when the Agency, or any Agency component or employee (in his or her official capacity as a VA employee), is a party to litigation; when the Agency determines that litigation is likely to affect the Agency, any of its components or employees, or the United States has an interest in the litigation, and such records are deemed to be relevant and necessary to the legal proceedings; provided that the disclosure is compatible with the purpose for which the records were collected.

6. Disclosure of relevant information may be made to individuals, organizations, private or public agencies, etc., with whom VA has a contract or agreement to perform such services as VA may deem practicable for the purposes of laws administered by VA, in order for the contractor or subcontractor to perform the services of the contract or agreement.

7. Disclosure may be made to officials of labor organizations recognized under 5 U.S.C. chapter 71 when relevant and necessary to their duties of exclusive representation concerning personnel policies, practices, and matters affecting working conditions.

8. Disclosure may be made to officials of the Merit Systems Protection Board, including the Office of the Special Counsel, when requested in connection with appeals, special studies of the civil service and other merit systems, review of rules and regulations, investigation of alleged or possible prohibited personnel practices, and such other functions, promulgated in 5 U.S.C. 1205 and 1206, or as may be authorized by law.

9. Disclosure may be made to the Equal Employment Opportunity Commission when requested in connection with investigations of alleged or possible discrimination.
10. VA may disclose information in this system of records to the Department of Justice (DoJ), either on VA's initiative or in response to DoJ's request for the information, after either VA or DoJ determines that such information is relevant to DoJ's representation of the United States or any of its components in legal proceedings before a court or adjudicative body, provided that, in each case, the agency also determines prior to disclosure that disclosure of the records to the DoJ is a use of the information contained in the records that is compatible with the purpose for which VA collected the records. VA, on its own initiative, may disclose records in this system of records in legal proceedings before a court or administrative body after determining that the disclosure of the records to the court or administrative body is a use of the information contained in the records that is compatible with the purpose for which VA collected the records.

11. VA may disclose on its own initiative any information in this system, except the names and home addresses of veterans and their dependents, which is relevant to a suspected or reasonably imminent violation of law, whether civil, criminal or regulatory in nature and whether arising by general or program statute or by regulation, rule or order issued pursuant thereto, to a Federal, State, local, tribal, or foreign agency charged with the responsibility of investigating or prosecuting such violation, or charged with enforcing or implementing the statute, regulation, rule or order. On its own initiative, VA may also disclose the names and addresses of veterans and their dependents to a Federal agency charged with the responsibility of investigating or prosecuting civil, criminal or regulatory violations of law, or charged with enforcing or implementing the statute, regulation, rule or order issued pursuant thereto.

12. To disclose to the Federal Labor Relations Authority (including its General Counsel) information related to the establishment of jurisdiction, the investigation and resolution of allegations of unfair labor practices, or information in connection with the resolution of exceptions to arbitration awards when a question of material fact is raised; to disclose information in matters properly before the Federal Services Impasses Panel, and to investigate representation petitions and conduct or supervise representation elections.

13. VA may, on its own initiative, disclose any information or records to appropriate agencies, entities, and persons when (1) VA suspects or has confirmed that the integrity or confidentiality of information in the system of records has been compromised; (2) the Department has determined that as a result of the suspected or confirmed compromise there is a risk of embarrassment or harm to the reputations of the record subjects, harm to economic or property interests, identity theft or fraud, or harm to the security, confidentiality, or integrity of this system or other systems or programs (whether maintained by the Department or another agency or entity) that rely upon the potentially compromised information; and (3) the disclosure is to agencies, entities, or persons whom VA determines are reasonably necessary to assist or carry out the Department's efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm. This routine use permits disclosures by the Department to respond to a suspected or confirmed data breach, including the conduct of any risk analysis or provision of credit protection services as provided in 38 U.S.C. 5724, as the terms are defined in 38 U.S.C. 5727.
14. VA may disclose information from this system of records relevant to a claim of a veteran or beneficiary, such as the name, address, the basis and nature of a claim, amount of benefit payment information, medical information, and military service and active duty separation information, at the request of the claimant to accredited service organizations, VA approved claim agents, and attorneys acting under a declaration of representation, so that these individuals can aid claimants in the preparation, presentation, and prosecution of claims under the laws administered by VA. The name and address of a claimant will not, however, be disclosed to these individuals under this routine use if the claimant has not requested the assistance of an accredited service organization, claims agent or an attorney. VA must be able to disclose this information to accredited service organizations, VA approved claim agents, and attorneys representing veterans so they can assist veterans by preparing, presenting, and prosecuting claims under the laws administered by VA.

15. Disclosure to other Federal agencies may be made to assist such agencies in preventing and detecting possible fraud or abuse by individuals in their operations and programs.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:
Records are maintained in electronic and/or paper format.

RETRIEVABILITY:
Records are retrieved by name, last four of the social security number and/or other assigned identifiers of the individuals on whom they are maintained.

SAFEGUARDS:

1. Access to VA libraries is not restricted to VA employees. Generally the offices housing the files for storage of records are attended by staff who maintain the files during normal duty hours and after normal duty hours facilities are protected from outside access by the Federal Protective Service or other security personnel.

2. Access to files is controlled by the employees who maintain the files. Access to computerized records is controlled by the use of security codes known only to authorized users.

RETENTION AND DISPOSAL:

The VALNET records may be disposed of in accordance with the records retention standards authorized by the National Archives and Records Administration General Records Schedule 14, item 6, and published in the Veterans Health Administration Records Control Schedule 10-1, Item XLV.

SYSTEM MANAGER(S) AND ADDRESS:

Official responsible for policies and procedures; Network Librarian, VHA Library Program Office (19E), Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC
20420. Officials maintaining the system; Director at the facility where the individuals were associated.

NOTIFICATION PROCEDURE:

Individuals wishing to inquire whether this system of records contains information about themselves should contact the designated individual at the VA facility where the records are maintained. Individuals must furnish the following information in order for their records to be located and identified: a. full name, b. dates of employment, service, hospital stay, or use of library, c. description of information being sought and, d. return address.

RECORD ACCESS PROCEDURE:

Individuals seeking information regarding access to and contesting records in the system may write, call, or visit the VA facility location where they are or were employed or made contact.

CONTESTING RECORD PROCEDURES:

(See Record Access Procedures above.)

RECORD SOURCE CATEGORIES:

Information in this system of records is provided by VA employees, volunteers, students, contractors, veterans, others receiving care at the facility and automated computer systems such as Integrated Library Systems (ILS) which are used to track items which have been checked out of the library.
